PREFACE

In 1974 Thomas Gilbert presented to the American Genealogical Society, London, a copy of the Gilbert Family Tree, 1582 to 1996. This copy was made by hand from the original manuscript, which was written by Thomas Gilbert, Administrator of the Gilbert Family Tree, 1582 to 1996. The original manuscript was written in 1582 and is now in the possession of the American Genealogical Society, London.

The Gilbert Family Tree

1582 to 1996

PREFACE

In 1974 Duane began research on his Ancestors. Traveling to places such as the Picton Archives, Queen's University Archives, Napanee Museum, Kingston Library Archives, various Church Archives, Adolphustown Archives and by writing to various others* he has gathered Deeds, Wills, Pre 1900 Newspaper articles, and old letters to help link the family ancestors. With this information the family tree has been established using documented material as far back as Lazarus Gilbert & his brother Stephen. SAMUEL.

Elmer thought to be Lazarus' father is at this time tentative. The link to Elmer and the remaining ancestors is not documented by Duane or myself. This information was gained through a researcher of the Latter-Day Saints. At this time we are still looking for old records to create a documented link.

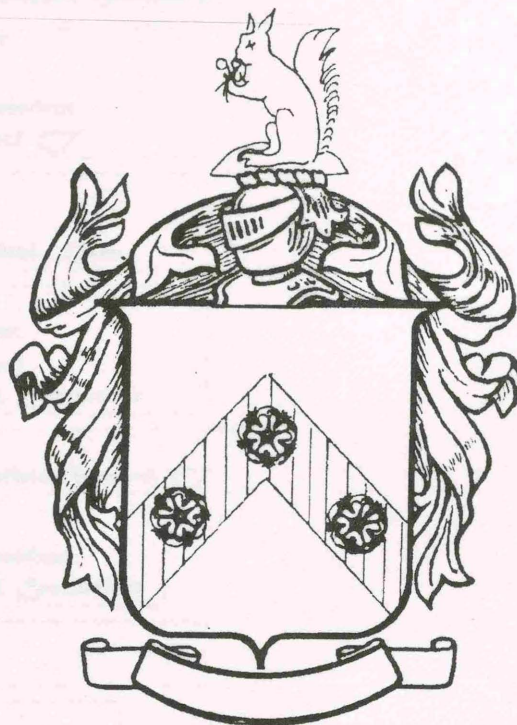

The information on descendants of Wilmot Gilbert has been gathered by talking to family members. We have made many changes to the spelling of names and to various dates. Considerable effort has been taken to ensure that the information contained herein is correct. Please bring to our attention if an error is found and accept our apology.

We would like to thank Kevin Williams for his time and effort in helping with the formatting/publishing. We thank Jeff Webster of Photo One for converting the family photos to negatives. Special thanks to all family members who helped in corrections and for the use of photographs. We hope you enjoy this segment of the family tree and please keep us informed of additions or any research you may undertake.

Coat of Arms

Gilbert

Origin

The documentation of the Gilbert Coat of Arms can be found in Burkes General Armory. Heraldic Artists of old developed their own unique language to describe an individual Coat of Arms. In their language, the Arms (shield) is as follows:

"Ar. on a chev. gu. three roses of the field."

Above the shield and helmet is the Crest which is described as:

"A squirrel sejant on a hill vert feeding on a crop of nuts ppr."

When translated the blazon also describes the original colors of the Gilbert Arms and Crest as it appeared centuries ago. Family mottos are believed to have originated as battle cries in medieval times. A Motto was recorded with this Gilbert Coat of Arms:

"Mallem Mori Quam Mutare"

Individual surnames originated for the purpose of more specific identification. The four primary sources for second names were: occupation, location, father's name, or personal characteristics. The surname Gilbert appears to be patronymical in origin, and is believed to be associated with the English, meaning, "descendant of Gilbert."

Events leading to the emigration to Canada : Lazarus Gilbert

The first settlements in New York state were made by the Dutch and English in the Mohawk and Hudson valleys and on Long Island. Other large groups of colonial immigrants were the French Huguenots, Germans, and Scots-Irish. The internal improvements that would soon make New York the great natural route to the West for millions of immigrants began early in the 1800s. The Hudson River is navigable as far upstream as Albany, and in 1807 Robert Fulton's first steamboat, the *Clermont*, navigated this distance. Steamboat traffic soon dominated the Hudson River.

The state educational system began with the schools established by Dutch settlers during the early 1600s. One of New York's first public-school laws, passed in 1812, permitted the people to organize and support local school districts. From the early 1700s until the American Revolution New York grew steadily despite considerable government corruption and frequent political disturbances. In 1720 the colony had a population of 31,000 whites and 4,000 blacks. New York was a leader in protesting the measures of the British

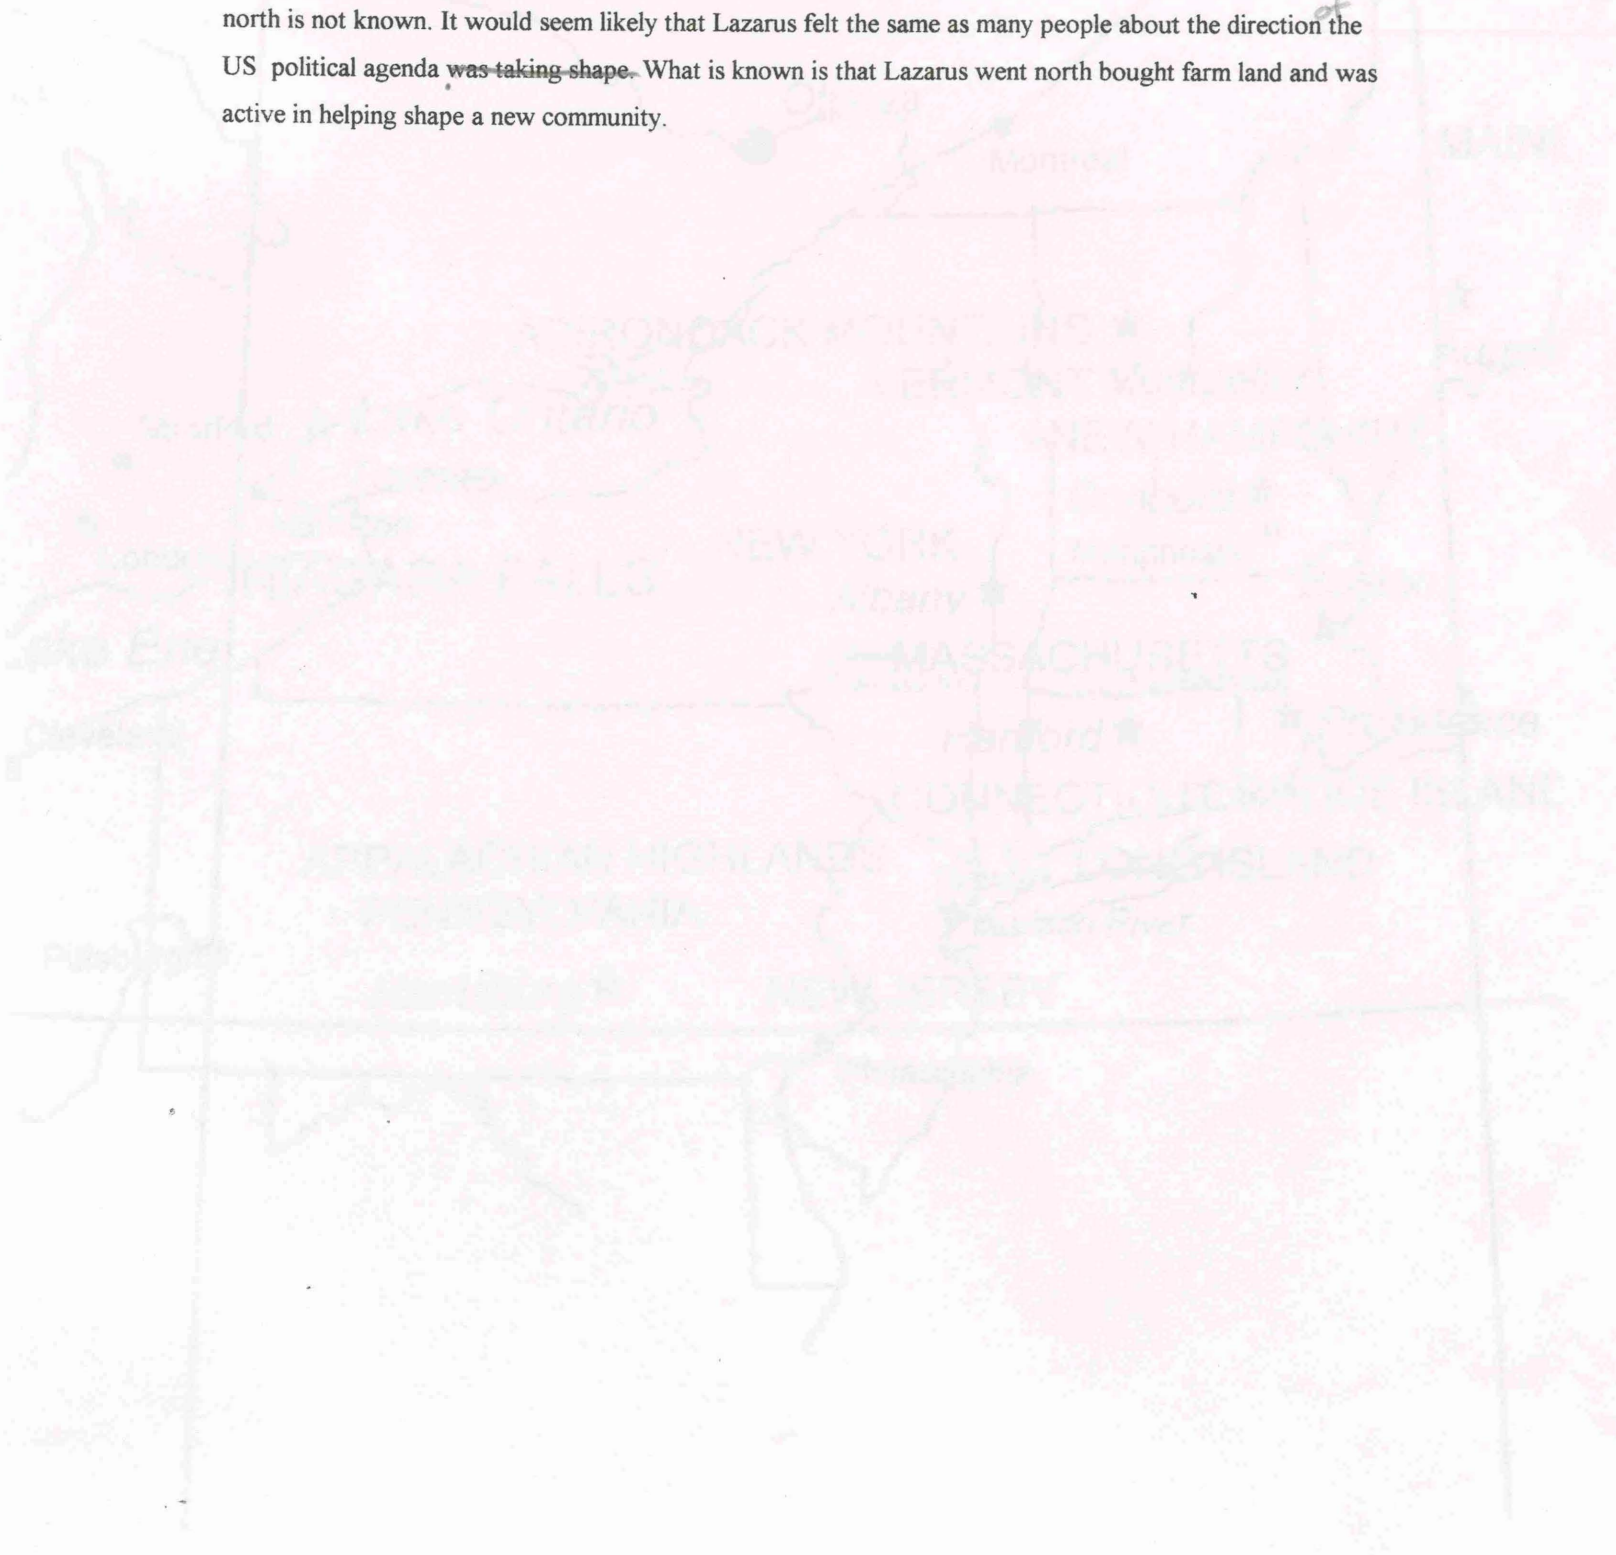

Parliament that were unfair to the colonists. Its assembly appointed a committee to correspond with the other provinces about their common cause. A colonial Congress assembled in New York in 1765 to protest the Stamp Act. New York later adopted its first state constitution in 1777.

During the American Revolution the state's strategic position made it a major battleground. Almost one third of the war's engagements were fought on New York soil. On April 17, 1775, the news was spread that the British were coming to Lexington to seize Samuel Adams and John

Hancock, and to Concord to capture the patriots' war supplies. Embattled farmers assembled at Lexington on the road from Boston, and there occurred the fighting which proclaimed the coming of war. Five and a half years elapsed before the land again enjoyed peace. When peace was established in 1783, many thousands of Loyalists, who were referred to as Tories by their fellow countrymen, left the newly created United States. They started their lives afresh under the British flag in Nova Scotia and in the unsettled lands above the St. Lawrence rapids and north of Lake Ontario. The settlement of the more inaccessible lands north and west of Lake Ontario and along the north shore of the upper St. Lawrence proceeded somewhat more slowly. About 5,000 Loyalists came to this area.

The war of 1812 - 1815 caused further frustration for US countrymen who felt ties to a British form of Government. The New England states were opposed to the war but lost the vote to the west. It was at this time the Federalist Party, who were pro-British in foreign affairs, quickly faded after the successful issue of the war. The period following the War of 1812 was one of expansion of population, business, and settlement. This was especially true in Upper Canada, where large numbers of newcomers were attracted by low-cost land grants. Lazarus Gilbert did not receive a land grant. The reason for his decision to migrate north is not known. It would seem likely that Lazarus felt the same as many people about the direction the US political agenda was taking shape. What is known is that Lazarus went north bought farm land and was active in helping shape a new community.

LIFE OF LAZARUS GILBERT

Lazarus GILBERT was born on 8 April 1776 in Long Island, NEW YORK, U.S.A.. Lazarus emigrated to Canada in 1817. His first appearance in Canada on an official record was the census taken in Adolphustown, ONTARIO. It reads as follows :

ANNUAL RETURN OF INHABITANTS OF ADOLPHUSTOWN TAKEN THE 28th MARCH AND 4th APRIL 1820.					
	MEN	WOMEN	MALE	FEMALE	TOTAL
STEPHEN GILBERT	1	1	3	1	6
LAZARUS GILBERT	2	2	2	2	8
DANIEL GILBERT	1	1	1	1	4

Lazarus arrived in Canada with his wife Sarah ,son Daniel (age 19), daughter Sarah (age 7) and two other children. The relationship to Stephen is not yet known.

An excerpt from the book In the beginning, St. Albans Adolphustown. "Very few records exist that tell of the building of the first Anglican church in Adolphustown. What is known however, is that the church was built in 1822 and the builder was Lazarus Gilbert. Some historians claim that the cost was 800 pounds but, as records from this period are very scanty, this figure cannot be verified. It is interesting to note that Mr. Gilbert was not an Anglican but rather a Methodist. A further note on the builder is found in the minutes of the Township of Adolphustown. It was in the early days of the church, the right and obligation of the Township Council to appoint one of the Wardens to the church in 1823, was none other than the Methodist Lazarus Gilbert. He was re-appointed the following year and again in 1840 and 1841."

"Upon the completion of the church and the naming of it, St. Pauls, the next step was taken when the Reverend Job Deacon took up residence in Adolphustown. He was appointed by Bishop Mountain of the Diocese of Quebec under whose jurisdiction, in 1823, the Parish of Adolphustown was."

Though a Methodist he was elected warden on January 6, 1823 at the Adolphustown town meeting.

As written in the book Hamburg-Hawley:

“Lazarus, town warden, was appointed by the town meeting to represent the Church of England. Thomas William Esq., church warden, was also appointed by the clergyman. Other officers included a town clerk, constable, two overseers of the poor, three pound-masters, two fence viewers, four overseers of the highway, two assessors, a collector and two church wardens. The wardens represented the inhabitants of the township or parish and could sue, prosecute, or defend in all presentations, indictments or actions for the inhabitants.”

“It must be borne in mind that Adolphustown was recognized as the most important center of Upper Canada at the time, and the representatives of this district were men of high standing whose counsels carried great weight. Kingston had grown to be a town of a hundred or more houses, was a military and naval center, but Adolphustown took the lead in all matters pertaining to the administration of the civil affairs of the province.”

“On this slender foundation of these first town officials was built our Municipal Act of today.”

“The people elected their own local government from 1792 to 1849, even though in 1791 the Constitutional Act gave the authority to the Court of Quarter Sessions of the peace, composed of Justices to rule the townships. In 1840 the Justices for Fredericksburgh and Adolphustown met at Charter's Inn (now the Scales home, at Gilberts corner of County Rd. #8) and were comprised of James Fraser, David Thorpe, Samuel Dorland, Samuel Casey, Jacob Detlor, and William Sills.”

Lazarus decided to settle in this community. He purchased 50 acres of land from Job Deacon in Con 1 rear Pt Lot 26 the 17th of October 1827 in the Township of Adolphustown. Lazarus paid an amount of one hundred and fifty five pounds. The transaction registered as #921 was witnessed by Joshua Hicks and G. Macaulay. On the 14th of Nov. 1827 Lazarus purchased another 50 acres from Job Deacon in Con 1 Pt Lot 26 registered as memorial #534. The transaction sum was three hundred pounds. one hundred and fifty pounds cash and one hundred and fifty pounds mortgage with lawful interest.

In 1828 Lazarus' daughter Sarah died. The obituary from the Kingston Gazette and Religious Advocate, December 26, 1828 read as follows:

“Gilbert Sarah

Death

At Adolphustown on the 16th instant, in the 18th year of age, Miss Sarah Gilbert daughter of Lazarus and Sarah Gilbert, after a painful illness of 26 days continuance, with which she bore with Christian patience and resignation.”

Sarah Gilbert, the wife of Lazarus also died within a short period of time. The date and cause is not known.

Lazarus officially became a Canadian citizen. He was naturalized on 19 Mar 1832 in Frontenac County, City of Kingston. Lazarus' naturalization record is indexed, under the County of Frontenac in a book titled Upper Canada. On the 19 Mar 1832 Lazarus swore that he had lived in Canada for at least seven years. This being the minimum amount of time required to be become a Canadian resident by law. This record became official on the 16 Feb. 1833 when sworn before Allan Maclean.

In 1834 Lazarus' second wife Waity Casey fell ill with consumption, and died on Sept. 1st, 1836. Waity's obituary reads as follows:

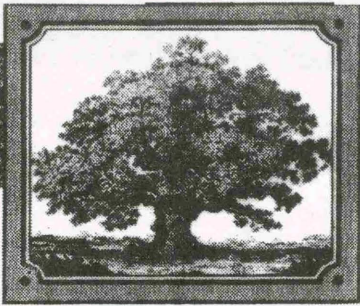

"Gilbert, Mrs. Waity, daughter of Wm. and Martha Casey, early settlers in Upper Canada was married twice, first to J. West and second to Lazarus Gilbert. She died Sept. 1st 1836 in her 46th year; survived by her husband and children."

At this time Lazarus was increasing the acreage of his current homestead. On 14 May 1834 he purchased Con 1 Pt Lot 26 in Twp. of Adolphustown. This parcel contained 20 acres and was purchased for three hundred and twenty pounds from William Casey by Lazarus. The document, Memorial No. 923, was witnessed by spinster, Elizabeth Gilbert and Physician, Hiram Weekes. He then purchased 50 acres more in Con 1 pt Lot 26 Twp of Adolphustown on 19 May 1834. Lazarus bought the land from Ann Gilbert who was married to the late John D Gilbert, Postmaster of Adolphustown and grandson of Lazarus.

Lazarus paid the sum of One Hundred sixty six pounds and fifteen shillings to Ann.

Lazarus appeared on the census in 1851 in Adolphustown with a new wife Helen Melrose Penny. Helen and Lazarus had a newborn daughter, Mary in 1852. They then had another daughter, Sarah in 1855. Lazarus bought Con 1 Pt Lot 26 & Pt Lot 27 on the Bay of Quinte on 19 Sept. 1855 in Adolphustown. This property purchased from William Henry Sweatman contained 3 acres on the Bay of Quinte. The purchase price was eight pounds, 3 shillings. The deed was signed on 19 Sept. 1855 and witnessed by John C. Green and B. Allison.

Lazarus and Helen sold Lot 26 Con 1 which comprised of 175 acres in the Twp. of Adolphustown. on 15 Nov. 1858 in Kingston, ON. This deed was registered as #177, sold to Thomas Fraser Gibb for the sum of eight hundred pounds. Lazarus appeared on the census in 1861 in Adolphustown, ONTARIO. He died on the 23 October 1861.

Daniel H. Gilbert

Emily Eliza Roblin

South Fredericksburgh

The Gilbert family lived in South Fredericksburgh in the 2nd Concession Lot 16, West Pt Lot 17.

Ruth, Donald, & Phyllis Gilbert

Daniel Gilbert was the first to buy land in this area. The first parcel contained 72 acres east of county road #8 in Concession 2 w pt Lot 17 and was purchased from Elias Clapp in 1872. In 1887 Daniel bought 14 acres more from Peter Marsh. This parcel was located in the middle of Lot 17 Concession 2. The property of Hiram Young was later added to the Gilbert farm. Daniel's land stretched south from what is known as Sicher's Hill to about Gilbert's Corner (the road to Sillsville). The children were educated at the Hamburg School S.S. No. 6. The school was built in 1862. The school remained here until 1964 where it was destroyed by fire. The family attended church at the Hawley United church. This church was formally known as the Wesleyan Methodist church 1870-1967. Quoted from the book Hamburg-Hawley as follows:

“With the arrival of the motor car, the sheds at the church were put to use in the fall for suppers of fowl. It was not unusual to have three sittings, and people came from miles around to indulge in the bountiful meals of chicken, biscuits, vegetables and an assortment of pies. A large event of this size took lots of preparation by many hands, children include, because at this time in history there was no electricity, running water or freezers. The food was prepared at home by the ladies and then brought to the church and kept warm on the large wood stove in the church kitchen. The water for washing the dishes was heated in the reservoir of the stove and coffee was prepared in the boilers set on the stove.”

In 1892 Wilmot Oscar Gilbert, son of Daniel bought a residential lot with road frontage on the south of Bennis' point road from Rhonda A. Babcock (Lloyd). This lot was located in the central part of Concession 2 Lot 16 in the north end. Wilmot made his living as a fisherman. With his spouse, Addie Clute, they had a family of eleven. There ^{were} four son's; Blake, George, Morley & Gordon and 5 daughters; Edna, Laura, Maude, Clara and Flossie. George purchased the family property in 1906 and ^{remained in his ownership until} kept it until 1953.

Morley served his country in both World Wars. Active duty in the first and the militia in the second.
