Dear Family Members:

The descendents of Robert Walpole (who came to Canada in 1837) proved to be so prolific that when each ones record is kept on a separate sheet, and then they are combined, they make up quite a large book.

I appreciate the assistance I received from most members of "The Family", in compiling this record, because it is only with your help that I was able to have this record to its present state. In particular I appreciate the assistance received from those who I was unknown to previously.

I have made this in a loose-leaf form, so that additions may be made quite easily at any future time.

It is arranged in various coloured pages:

Orange is a record of the original family in England.

Red is a record of the family who came to Canada in 1837.

Blue is a record of the First Generation.

Buff is a record of the Second Generation.

Green is a record of the Third Generation.

White is a record of the Fourth Generation.

Yellow is a record of the Fifth Generation.

Pink is information material about the "Family".

Hardly had these pages been completed, when corrections became evident, and I am definitely sorry that these have occurred. Some were caused by poor writing, and others were just clerical errors. I would like to hear from anyone who finds any errors so that amendments may be instigated and sent out to amend the errors on the originals, and in this way keep your copies up to date and correct.

There are still things I would like to receive in regards to others who I have not completed a record for. If anyone can assist, it would be appreciated.

Again thanks to all who helped.

"Bill" Mitchell.

Rev., E.M. Loney,

ETOBICOKE, ONT.

Dear Sir:- RE: RICHARD WALPOLE.

I have received your favor of the 13th inst., and am pleased to submit a statement regarding my trip to England.

In the first place, I refer to this matter as the "Richard Walpole Estate" because anything that Robert Walpole, or his descendants, would receive would be through Richard Walpole who married Hester Cole.

When I arrived in England, after making enquiries, I found that any funds available would be either in Chancery or in the Treasury Department. If a person dies intestate, that is, without leaving any will, and there is no one to claim the funds, they are deposited in the Treasury Department. If anyone makes a claim to such funds and the Court is not satisfied that they are entitled to them, the funds are placed in Chancery.

My first work was to search the Chancery records which I did and found there was nothing there.

I found it very difficult to find any information about funds in the Treasury Department but, with the assistance of the Canadian Commissioner's Office, I was able to make a search there and found there were no funds there.

I next searched in Somerset House where the records of all wills and administrations are kept. I found there was nothing there in any will or Letters of Administration referring to Richard Walpole.

I found out that the County of Norfolk had no registry office so that there was no way of searching to find who owned land in that County because the owners simply retained their own title papers. However, I went to

Rev. E.M.Loney

- 2 -

Mar., 15-29

Barton Turf and interviewed the Rector there and we looked up the records and found that Richard Walpole had lived in the vicinity and that his daughter, Sarah Walpole, had been had been baptized in the Church there. The Rector there has been in close touch with the ownership of the lands in all that neighborhood for the past forty years. He assured me that if the title to any part of the lands in that neighborhood had been in dispute, or awaiting claimants, they would have to come to him to look up the records, and that he had no information as to any lands belonging to Richard Walpole.

I next went to Norwich and searched in the Surrogate Court Office for wills and administrations and could not find anything that would help us.

As you probably know, some of the Walpoles here stated that they had seen advertisements, from time to time, asking for Walpole heirs. I have never been able to see such an advertisement and am surprised that some of them did not keep it. However, I have written to a firm in the Old Country who stated that they have a record of such advertisements and any information that I get along this line, I shall be pleased to forward same to you.

In the third paragraph, I omitted to state that even funds left under a will would be placed in Chancery, if the Court was not satisfied that the claimants were entitled to the money.

Yours truly,

John Telford

Dear Sir:

Re: Walpole Estate.

We are in receipt of your letter of 13th June last, with P. O. Order enclosed for the amount asked in our last report, being the balance of our fees to date and for which accept our thanks.

As previously mentioned our "Mr. Montague Quick" under your instructions proceeded to Barton Turf via London, and in the first instance he had a long interview with the "Vicar" of the Parish, the Rev. Mr. Poole, and he obtained from him a list of the names of the children of "Richard Walpole" and his wife Hester Walpole, which list we enclose you herewith.

Now it appears to us "Robert Walpole" from whom you say your Clients are the descendants was the "Second Son" of the above named Richard Walpole.

The eldest Son who was called "Thomas" emigrated to America and what became of him is not and was never known.

The Vicar said that he had never known it ever stated that this particular family of "Walpoles" was in any way connected with the late "Richard Walpole" of Treethorpe.

After interviewing the Vicar, Mr. Quick went on further and saw a Mr. Nathan Curtis of Wayford Bridge, Smallbridge, and had an interview with him. He is a son of "Francis Walpole" who married a man "Curtis" who we think would be a cousin or a second cousin of your Clients. He is a very intelligent man and we questioned him quite closely if he had ever heard of any relationship of his family with the Walpoles of Treethorpe and he informed us he had never heard of any such connection or any claim at any time being made to such a relationship.

"Robert" brother of John was a Carrier and lived in Barton. He left a daughter, a Mrs. Nickerson now living at Edingthorpe near N. Nalthan, and a son James who was also a Carrier and whose Widow now lives at Barton.

Our Mr. Quick was quite unable to find any evidence to connect the two families at Barton Turf where of course it should be traceable if such was the case.

On our perusing the Will of the late "Richard Henry Vade Walpole" at Somerset House, London, Mr. Quick found that the Testator gave his property in Norfolk to his Trustees Upon Trust to pay the income thereof to John Walpole and Charles Walpole and on the death of the survivor he gave the same to "H. S. Vade Walpole" (the present possessor), Horatio John Thomas Walpole, and Ralph Charles Walpole, intail and insuccession (theses three names are sons of one Rev. Thomas Walpole).

You will thus see from this, there is a direct devise to the present possessor H. S. Vade Walpole of the Norfolk estates, so we cannot possibly see how your clients can sustain any chance of success or any claim whatever to this portion of the Testator's estate.

His house at Cheltenham he gave to his Wife's Nephews and Nieces:-
His house at Yarmouth to Mr. England; His Real Estate not disposed of,
to his male heirs-at-law on his Father's side.

On looking squarely at this, it seems to us your Clients would not in any way stand much chance of any success in a Law Suit to any claim they may set up to the Norfolk property, or the house at Cheltenham or Yarmouth, and we presume this was the bulk of the property, if not all of it. We think that the extract of the Will we send you will be sufficient guidance for your Clients, but should you wish to have a complete extract, we can obtain copies of the paragraphs which are lengthy and would cost at least 3 pounds. Our extract is of course condensed but contains the pith, and we are sorry our trip and report is not more favourable to your Clients claims.

We are Dear Sir,

Yours Faithfully

Quick & Son,
(Attorney's-at-Law).
