WAY FAMILY OF PRINCE EDWARD COUNTY

Quakers and United Empire Loyalists

I have included ALL the information that I have gathered over a period of fifty years about the WAY family of Prince Edward County, Ontario. I do not pretend that all information is accurate or correct. I have included all sources that I have used. Those pieces of information without sources showing are simply not reliable, however I include them in order that you may verify them.

REASON TO COMPILE A WAY FAMILY GENEALOGY

I do not descend from anyone named WAY as far as I know. Why then did I gather all this information? When I was twelve years old, I went from our Gananoque dairy farm to Picton to visit my Grandmother, Nancy "Theresa" (Story) Blakely. She told me fascinating stories about our ancestors. When she told about our Adams ancestors, I asked if we were related to the President. She said we were. I wanted proof, so she helped me write a letter, with pencil on foolscap, to Salt Lake City Family History Library. Although she knew of no Morman connections in our family, a kind volunteer replied, sending a pedigree that went back to Robert Adams born in England in 1602! Robert and his wife Eleanor Wilmot arrived in America in 1635. Although I have not been able to establish a connection between Robert and the Adams Presidents of the United States, the experience began a life-long interest in family history.

I collected relatives' names, birth, marriage and death dates, their religion and place of residence. I listened to stories about them and, in pencil on foolscap, I jotted them down. When computers became available I started to put this information into a Mac Reunion Database.

Grandmother was a member of the Society of Friends or Quakers before she married a Presbyterian, Benjamin Blakely. I became interested in her Quaker beliefs. Grandfather's ancestors were United Empire Loyalists who fled to Canada after the American Revolution.

Several of her relatives married into the WAY family over the years and found a place in my database.

While visiting a friend, Rosalie Root, who was born in Prince Edward County, she told me of her friend who had been adopted and moved west before discovering that her biological ancestors were the Way family of Prince Edward County. Rosalie asked if I knew anything about this Way family. I added to my collection and put this booklet together for her.

Quakers or Loyalists ?

Grandmother, like many Quakers kept a diary. She began writing her diary as a student at Picton High School in 1882. It points up the fact that most of her friends and classmates were either grandchildren of pioneer Quakers or pioneer United Empire Loyalists.

One of her classmates was Marcus R. WAY , born in 1864, youngest son of Philip, born 1815 and Mary E. (Drewery/Drewery/Drury) Way. Since my Grandmother attended Quaker church, I checked to find if Marcus was a Quaker too. What I found was that some of his ancestors were United Empire Loyalists and some were Quakers.

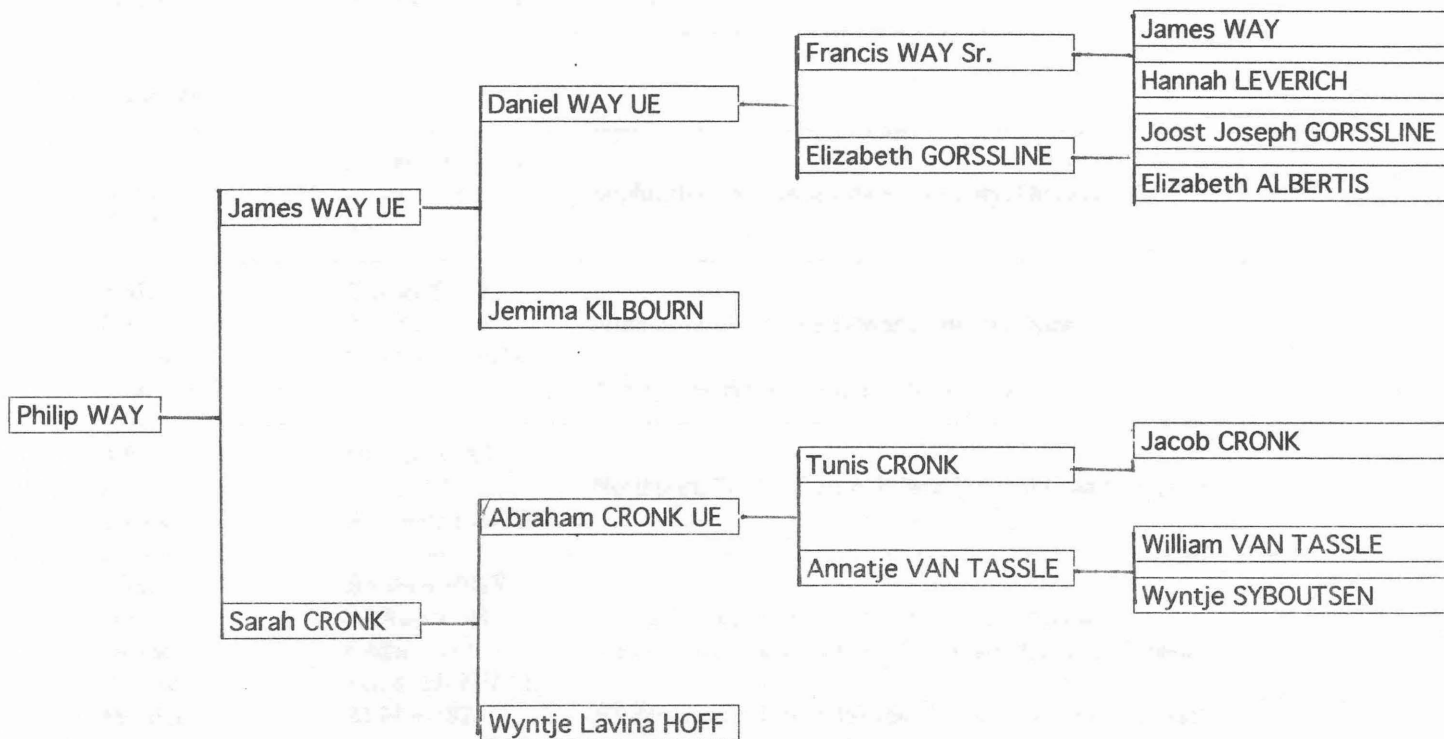

I found many Way family members were Quaker Pacifists, refusing to take up arms, while others were in the militia, some were UELs, and some fought in the War of 1812.

I found that the earliest WAY in America, Henry Way born in 1583, had a close association with the religious reformers, Reverend Roger Williams, a founder of the Baptist Church in America, and co-founder of Rhode Island, and with Anne (Marbury) Hutchinson. Although I did not find a family relationship to the WAY pioneers to America, Anne and Roger were both ancestors of Theresa Story.

The story of the Ways in Canada begins with Daniel B. Way (born 1762) and Jemima (Mosher) Way, and his second cousins, John and Mary (Budd) Way who settled in Ameliasburgh, and John's brother Daniel (born 1743) and Jemima (Kilbourn) Way who settled in Sophiasburgh.

Daniel's and Jemima's sons were Samuel, James and Benjamin. Samuel brought the Quaker religion as well as apple seeds and fine horses to the Northport area. Benjamin did not belong to the Quaker faith and moved to Murray. It is James and Sarah (Cronk) Way that are grandparents of Marcus and yes, they were Quakers but only after James was married in Canada. He had attended Presbyterian Church in Dutchess County, New York and taken an active part in the American Revolution.

Notes for James WAY UE

! Note; How was it that James Way belongs to the Quaker faith in Prince Edward County when he is described as a United Empire Loyalist ? He attended the Presbyterian Church in Dutchess County and took an active role in the American Revolution. In 1791 he married a Quaker, Sarah Cronk and became a pacifist.

p466 The Cronks and Ways ..were among the first settlers upon the Marsh front, as the north shore was called, ...Nathaniel Solmes was one of the older settlers. He came from Dutchess County in 1792, lived in Adolphustown two years, then settled on lot No. 10, 1st Concession."

281" Two houses built by the Way family are still prominent along the Northport Road. Both are situated very close to the highway, but there the similarities end. They are separated by about thirty years and in terms of architectural design, they are aeons apart.

The earlier of these is a storey-and-a-half frame house built by James Way. He was granted 229 acrs, the whole of Lot 15, in May of 1802.(about house construction and design) ...

Thirteen of his own children are remembered in James Way's will, registered in 1838, as well as grandchildren and the children of his deceased brother, Samuel. James divided his farm between two of his sons, Philip and Abbot, with Abbot assuming control of tenure, a gabled ell was added to the house, facing the road.

Philip took over the west half of the farm and there built a handsome stone house in the "Ontario cottage" style.....to ensure that his wife, Mary Eliza, was well provided for after his death, the terms of Philip's will give Mrs. Way the control of the: "easterly part of the dwelling house now occupied by us, together with the door yard in connection with said part of said house. The easterly part of said house shall include the main hall and all that part easterly of the hall...and all household furniture, beds, bedding, carpets, stoves, dishes, clothing, books, pictures and all other articles used by us in our house keeping."

The will, registered in 1890, also allows his daughters the right to live in their mother's side of the house should

WAY

they remain unmarried. In exchange of the care of the other family members, Philip's son, Charles Edward, was to have the use of the farm and the rest of the house.

In 1929 the stone cottage was sold outside the family. Several years earlier, in 1907, the frame hoouse had been sold by Abbot Way's estate to John Kennedy and remained in the Kennedy name for the next fifty-one years.both farms included fine barns.....James barn and driveshed are adjacent to the road. See photos page 282 of houses and driveshed.

James came to Canada between 1800 and 1802 according to this.

³ page 907- "The father of the Way brothers, Daniel Way, was a farmer located in one of the New England States, of French Huguenot lineage, but a naturalized British subject, who favored Britian's cause in her controversy with the American colonists. His three sons, Samuel, James and Benjamin, grown old enough, when war was declared in

The father, Daniel and three sons, Samuel, James and Benjamin were UE's and all but Samuel were Quakers. Samuel fought in the war of 1812.

((on page 791 of Pioneer Life - “The hegira (apparently means “trip”) to Canada was not without its trials. The women and their children made up a goodly company, which was led by Nathaniel Solmes and Guillaume Demorest. They crossed on the ice near Kingston and on Amherst Island had to halt for a night or two on account of deep snow. During the wait one of the women gave birth to a child and the rigor of her travail may be imagined when it is related that her bed lay in a snow bank. He married Miss Ricketson, and reared eight children, seven of whom attained maturity. “

! Note; How was it that James Way belongs to the Quaker faith in Prince Edward County when he is described as a United Empire Loyalist ? He attended the Presbyterian Church in Dutchess County and took an active role in the American Revolution. In 1791 he married a Quaker, Sarah Cronk and became a pacifist.

⁵ p466 The Cronks and Ways ..were among the first settlers upon the Marsh front, as the north shore was called, ...Nathaniel Solmes was one of the older settlers. He came from Dutchess County in 1792, lived in Adolphustown two years, then settled on lot No. 10, 1st Concession.”

⁶281” Two houses built by the Way family are still prominent along the Northport Road. Both are situated very close to the highway, but there the similarities end. They are separated by about thirty years and in terms of architectural design, they are aeons apart.

The earlier of these is a storey-and-a-half frame house built by James Way. He was granted 229 acrs, the whole of

WAY FAMILY OF PRINCE EDWARD COUNTY, QUAKERS & UELS

Lot 15, in May of 1802.(about house construction and design) ...

Thirteen of his own children are remembered in James Way's will , registered in 1838, as well as grandchildren and the children of his deceased brother, Samuel. James divided his farm between two of his sons, Philip and Abbot, with Abbot assuming control of tenure, a gabled ell was added to the house, facing the road.

Philip took over the west half of the farm and there built a handsome stone house in the "Ontario cottage" style.....to ensure that his wife, Mary Eliza, was well provided for after his death, the terms of Philip's will give Mrs. Way the control of the: "easterly part of the dwelling house now occupied by us, together with the door yard in connection with said part of said house. The easterly part of said house shall include the main hall and all that part easterly of the hall...and all household furniture, beds, bedding, carpets, stoves, dishes, clothing, books, pictures and all other articles used by us in our house keeping."

The will, registered in 1890 , also allows his daughters the right to live in their mother's side of the house should they remain unmarried. In exchange of the care of the other family members, Philip's son, Charles Edward, was to have the use of the farm and the rest of the house.

In 1929 the stone cottage was sold outside the family. Several years earlier, in 1907, the frame hoouse had been sold by Abbot Way's estate to John Kennedy and remained in the Kennedy name for the next fifty-one years.both farms included fine barns.....James barn and driveshed are adjacent to the road. See photos page 282 of houses and driveshed.

James came to Canada between 1800 and 1802 according to this.

¹² p247 -Earliest Doctor in Ameliasburg , in parts of Hillier & Sophiasburg was Mrs. Ann Law " For many years she lived in a small frame house on the farm then owned by Mr. Isaac WAY at ROBLIN MILLS. She had many friends who loved and respected her. Born in County Down, Ireland on Feb 14, 1778 she came to Canada in 1830 at age 52, and lived in Roblin Mills. "She attended the sick and was very successful in relieving human suffering. In any emergency she was in great demand. For many years, through all kinds of weather, she visited the sick or afflicted. The last time Dr. Burr remembers seeing her going through the deep snow of winter was in 1856. The roads were almost impassable with snow much higher than the fences. She was then 78 and still hearty, hale and strong. She continued till 1865 at the age of 87, when Dr. James Thwaites, M.D. began the practice of medicine at Roblin Mills. He was the first M.D. to locate in Ameliasburg.

When she passed away she had reached the great age of 104 years and 14 days.

A most interest account of historical happenings during Mrs. Laws lifetime is written by Dr. Burr on page 247. She died on February 28, 1882 and is buried in Mountain View Cemetery. She was the oldest person ever buried there.

³ p. 80 fourth child of Jonathan Noxon (1800-74) and Jemima Way (1802/3- 90) of Sophiasburgh-. Jonathan ((his father)), Lanor ((possibly his seamstress great aunt who appears to never married)) and Dorland ((uncle)) lived in what was known as Christian street, which was about eight miles northwest of Bloomfield, and probably acquired its name through the fact that so many Friends lived there. Their father, James m. Lanor DeLong and came to Canada. James parents were James and Mary Bentley of Dutchess County, New York. James D. Noxon, married the daughter of Sir Samuel Pascoe, Governor of Jamaica. Andrew Noxon came from Ayrshire, Scotland.

Surname: Way, Pine, Schutt

*****Don't confuse the two Samuel Ways*****

Samuel Way was probably son of William and Sarah (Schut) Way who married 1755 at Rombout Presbyterian. They had son James born 16 Jan. 1757 who married Rachel Dennis at Rombout the same day that Samuel Way married Catherine Pine. I would think that Catherine was prob. dau. of Amos Pine, a local miller who died in PA during the Revolution, a Loyalist.

Surname: WAY, PINE

Thanks for the info but I think it's a different Samuel Way. The parents of my Samuel were Daniel and Jemima Kilburn from Long Island. Samuel was b. 12/3/1766 and he does have a brother, James, b. 4/5/1765 but the years aren't right. Appreciate the input though. Gayle
