Appeal from assessment Roll No A88,

for want of explanation as to why assessment is raised from 1050 to 2250 and area from $3\frac{1}{2}$ to 5. High water until late summer has submerged all the low portion inside the willows and the cottage is 59 years old and therefore not in a better but in a less good state of repair. Why so old a cottage is suddenly assessed 114% higher is not clear and I shall appreciate your reconsideration.

Dear Miss Douglas.

I have finished the exposed wooden surfaces of the cottage. The difference is like that between a basswood tree in winter and a Christmas tree decorated for the festive season.

The accompanying account is made out as for a day work job. Your cheque for two hundred dollars will suffice for the present.

When the job is finished next May I will know whether I can do it for the previously stated price or whether the ten percent increase in costs of material and wages will have to be passed on to you as I stipulated in the original estimate

yours very truly.

Dr. A. Vibert Douglas,
127 King Street West,

Dear Dr. Douglas:

Little White Calf Island
Estate of Mina E. Douglas

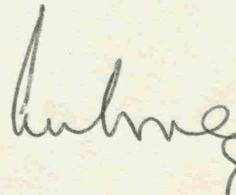

The Provincial Estate Tax Department gave to us the necessary certificate releasing the Island from any claim for succession duties in the Estate of Mina E. Douglas on the basis of the two letters we wrote to them setting out the information you forwarded to us in your letter. I was afraid they would demand lengthy affidavits but the matter turned out to be quite simple. I have registered the certificate and can now confirm that title to the Island is clear in Mary, Pat and John. The cost of registering the certificate was \$3.00, and if you could let us have a cheque to cover that disbursement, we will close the file.

What should be done with the deed? Should it be forwarded to one of Mary, Pat or John, or, if you or they wish, we can retain it with our permanent documents where it will always be available.

With kindest regards.

Yours very truly,

AAR/b
