Queen's Athletics Coaching History 1873-2002

In the year 2002, Queen's University Athletics and Recreation supported fifty Interuniversity teams and clubs. This is quite the accomplishment given the size of the university and its student population number, yet without the dedication and persistence of coaches many of these sports would not be offered today. Queen's University has a reputation of producing strong competitors, however, athletes need guidance and coaching to attain their best possible performance and Queen's Athletics has had its share of excellent and dedicated coaches. This inclusive coaching summary is a testament to the hard work and dedication shown by our coaching staff over one hundred and twenty nine years from 1873-2002.

As a number of our athletes have gone onto greater success in both their athletic and personal careers so to have a number of our coaches. The likes of Dr. Harry Batstone, "Pep" Leadlay, Ted Reeve, Frank Tindall have received many accolades and have been inducted into the Canadian Sport Hall of Fame or the Canadian Football Hall of Fame or both. Others such as John "Jake" Edwards, Al Lenard, Rolf Lund, John Armitage, Katherine "Cookie" Cartwright and Annabelle Twiddy been inducted into the Kingston Sport Hall of Fame as an acknowledgement of their hard work and dedication to sport in Kingston and surrounding area. Still others, such as Marion Ross, Anne Turnbull and other female coaches, while not recognized nationally or by local Sport Hall of Fames, have made a lasting contribution to women's intercollegiate sports.

This summary took over two years to compile using old athletic records, student newspapers, university publications and local newspapers in order to verify and validate the years of service and accomplishments of our coaching staff. With over 2,000 plus head and assistant coaches, doctors, athletic trainers, and student trainers the purpose of this mostly primary research was to ascertain the dates and coaching history of our coaching staff and associated personnel. While the first recorded Intercollegiate athletic event at Queen's University took place in 1873, the first actual and formalized game was an association football championship (now known as soccer) which was held in the Fall of 1883. From 1873 until the later part of the 1890's much of the coaching expertise came from faculty members and from the players themselves. As such, early coaching records are very sparse

and team photos did not accurately include coaches' names. This explains hopefully the gaps in our early coaching history. Also, given the fact that some early historical records were lost due to renovation work on the Physical Education Centre in the early 1970's, this is the most complete coaching record of Queen's University Intercollegiate - Interuniversity team coaches to date.

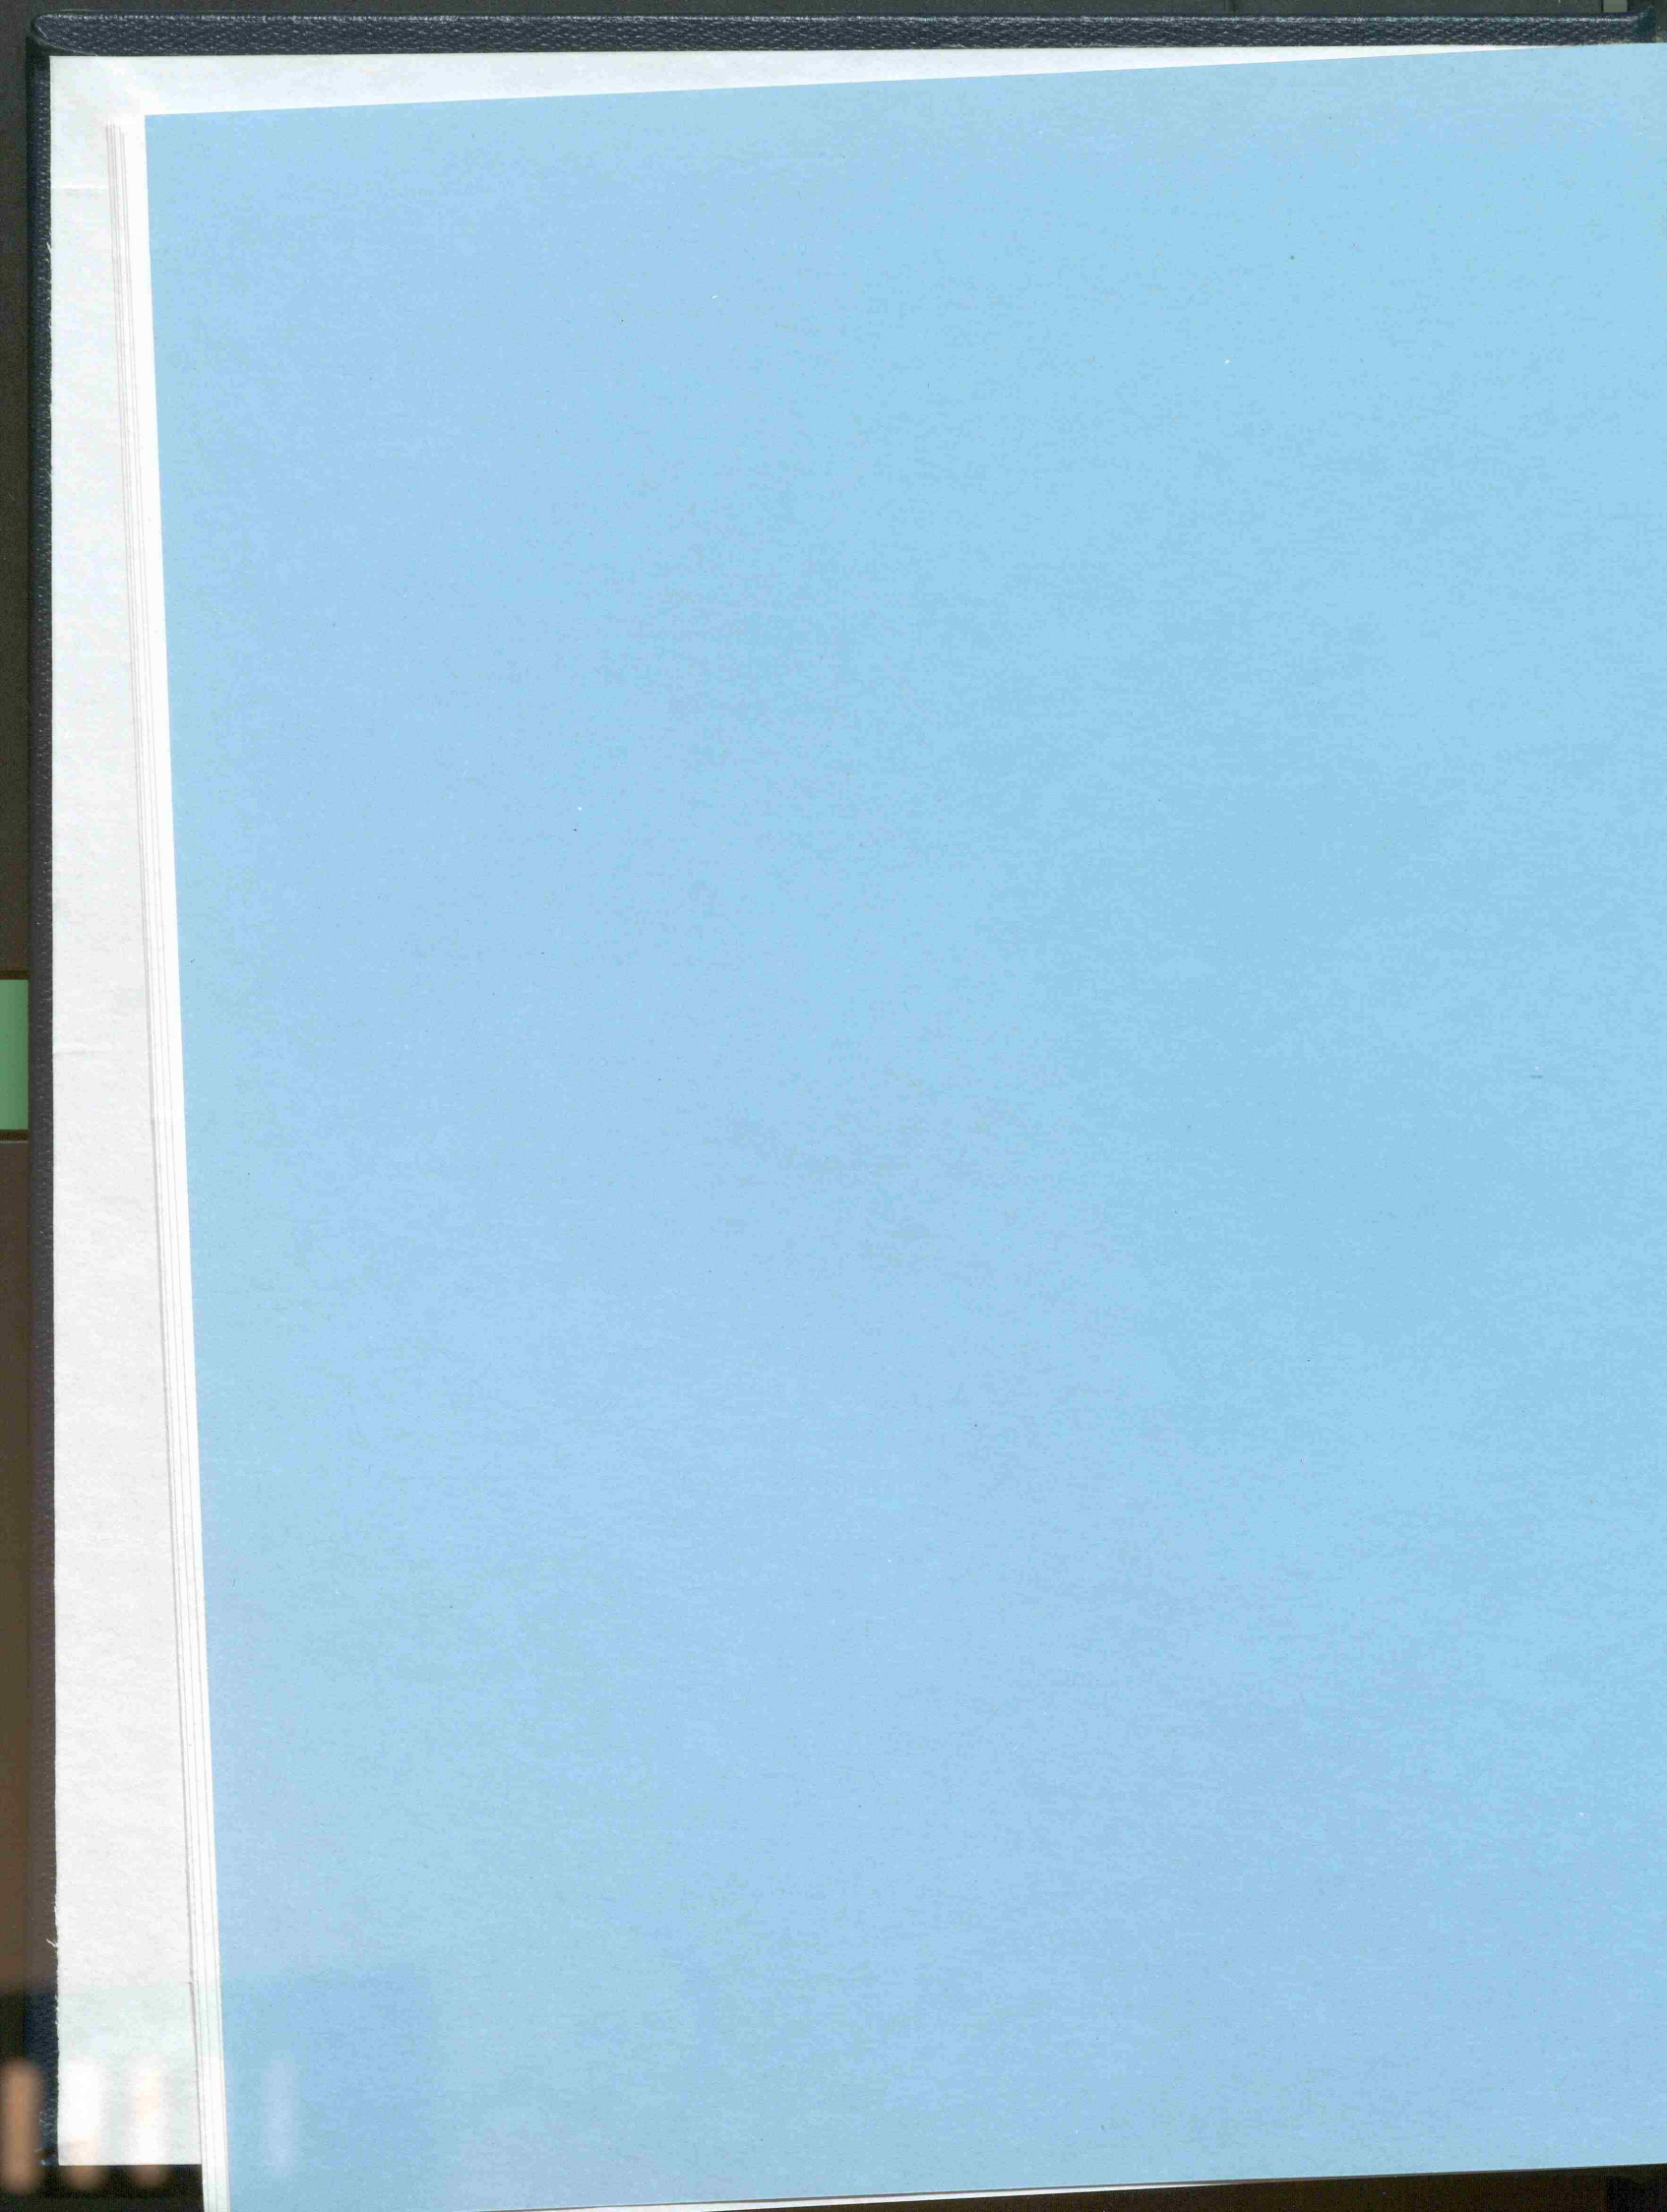

While this document was compiled mainly as a historical overview, it is intended that the recorded information will become the basis for a future Queen's Athletics Sport Hall of Fame to be inaugurated in the very near future. Many individuals who have coached for Queen's Athletics over the years have been instrumental in the development of sport and sport policy not just at the university level, but at the provincial and national level also, and their efforts should not go unrecognized. It is intended that the proposed Sport Hall of Fame sponsored by Queen's Athletics will be a tribute to both coaches and outstanding athletes.

The author wishes to acknowledge Julie Sharrard, a work bursary student, for her efforts and assistance in compiling this extensive coaching record. Also, the author wishes to thank Paul Banfield, and staff at the Queen's Archives for their assistance on creating this record. Finally, the author wishes to acknowledge the support of John McFarlane, Chair of Queen's Athletics and Recreation, for this long overdue project.

Bibliographic Key

Unless otherwise stated, coaching personnel were responsible for coaching senior teams. However, football, hockey, basketball, volleyball, rugby and field hockey had intermediate teams, and in the case of football and hockey, junior teams also. Coaches of intermediate and junior teams are designated as such in this record. For the sake of clarity a number of abbreviations were used in this coaching record. The following abbreviations were used to standardize this record:

CIAU	Canadian Intercollegiate Athletic Union
CIS	Canadian Interuniversity Sports
CWIAU	Canadian Women's Intercollegiate Athletic Union
EOBA	Eastern Ontario Basketball Association
EOHA	Eastern Ontario Hockey Association
I	Indoor
Int.	Intermediate
Jr.	Junior
Juv.	Juvenile
M	Men's
O	Outdoor
OUA	Ontario University Athletics
OUAA	Ontario University Athletic Association
OWIAA	Ontario Women's Intercollegiate Athletic Association
Sect.	Sectional
Sr.	Senior
Tm	Team
Ultimate	Ultimate Frisbee
W	Women's
WITCA	Women's Intercollegiate Two Conference Association
