Dear Mr. Zander:

Thank you so much for your help with the four frames, and as discussed, my check for \$160.00 is enclosed.

As a small token of my appreciation I am also sending you a German etching which I just acquired and which I hope you will enjoy.

Best personal regards,

Alfred Bader

Dear Dr. Bader:

The second shipment of frames was returned by the U. P. S. on the 25th of May, because of "insufficient address." What really happened is that the label came off the package, and it took several weeks to determine who the sender was.

As you can see, a certain amount of agony accompanied this "vast potential transaction."

I wish you a good stay in Europe, although stay is probably not the word, because I understand you spend every day in another town.

With kindest personal regards.

Sincerely yours,

A handwritten signature in blue ink that reads "Dieter".

P.S. You may remember our Hexagon transaction. We recently sold Hexagon to a New Jersey manufacturer of Tri-chloro benzene (Standard Chlorine Company). The next time we meet, I will tell you why this had to happen.

Dear Dr. Zander:

Just a note to confirm Dr. Bader's telephone conversation that we only received two small frames, one dark brown and one black, in one U.P.S. package. Would you please file a tracer as to what happened to the others.

Sincerely,

Marilyn Hassmann
Secretary to Dr. Bader
