To Professor Bruce BUCHAN.

Dr. Alfred Bader
924 East Juneau, Suite 622
Milwaukee, Wisconsin 53202

Dear Alfred:

January 12, 1996

Thank you very much for your kind letter of December 27. In the meantime I have received Professor Buchan's additions to my shortened version and I have also introduced the trivial corrections from your letter. I am waiting now for Professor Buchan's changes with respect to the disgorgement issue.

On December 30 my son and I were driving a truck not far from you as I was helping him moving from Evanston to Minneapolis where he is continuing now his PhD studies in organic chemistry. I was thinking of you but there was no way to stop by for saying hello.

Magdi is now in France and I'll be returning to the U.S. for a talk in Wilmington, NC but I'll be back in Budapest on January 19. Our next joint trip will be Feb 17 - March 10, California and Texas.

With kind regards,

Yours sincerely,

W. W. W.

Dear Bruce:
The Chemical Intelligence is
an interesting magazine.

Best wishes

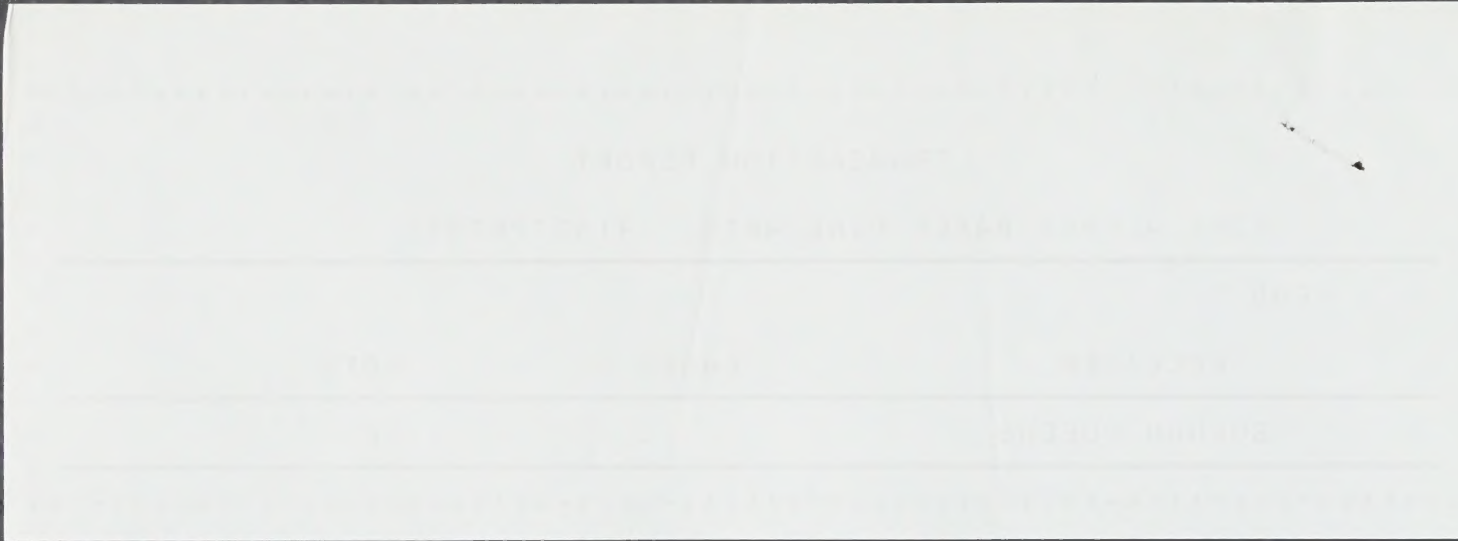

Anna

Dear Alfred:

February 8, 1996

Thanks for faxes of Feb. 6 and Feb. 7. I received the galleys only today. The end of your address is missing in my version too. I'll request a scrutiny from Springer Production and make sure that the piece will be complete in the page proofs. I'll be looking forward to your corrections. Thanks.

I very much appreciate your kind cooperation

With kind regards,

Yours sincerely,

Milwaukee, Wisconsin 53202

Dear Alfred:

January 26, 1996

Thank you very much for your fax of January 24 and in particular for the kind words about the January issue of the magazine. It is quite possible that your Award address will be appearing in the April issue, however, the contents are usually finalized during the last few weeks of production and depend on a host of various considerations. I am sure however, that if it wouldn't make the April issue it would be coming out very soon anyway.

About the Bruce Buchan paper, I just received an e-mail message from him saying that the finalized version AND the illustrations are coming together nicely and he would be sending me the material soon.

In your letter you are making a reference to the Loschmidt stamp. I can't quite relate it to previous correspondence and it may indicate that I am missing something here?

With kind regards,

Yours sincerely,

Budapest, XI. Szt. Gellért tér 4. H-1521, Hungary

A Chemist Helping Chemists

February 20, 1996

Professor Istvan Hargittai
Budapest Technical University
Budapest, XI. SST.
Gellért tér 4. H-1521
Hungary

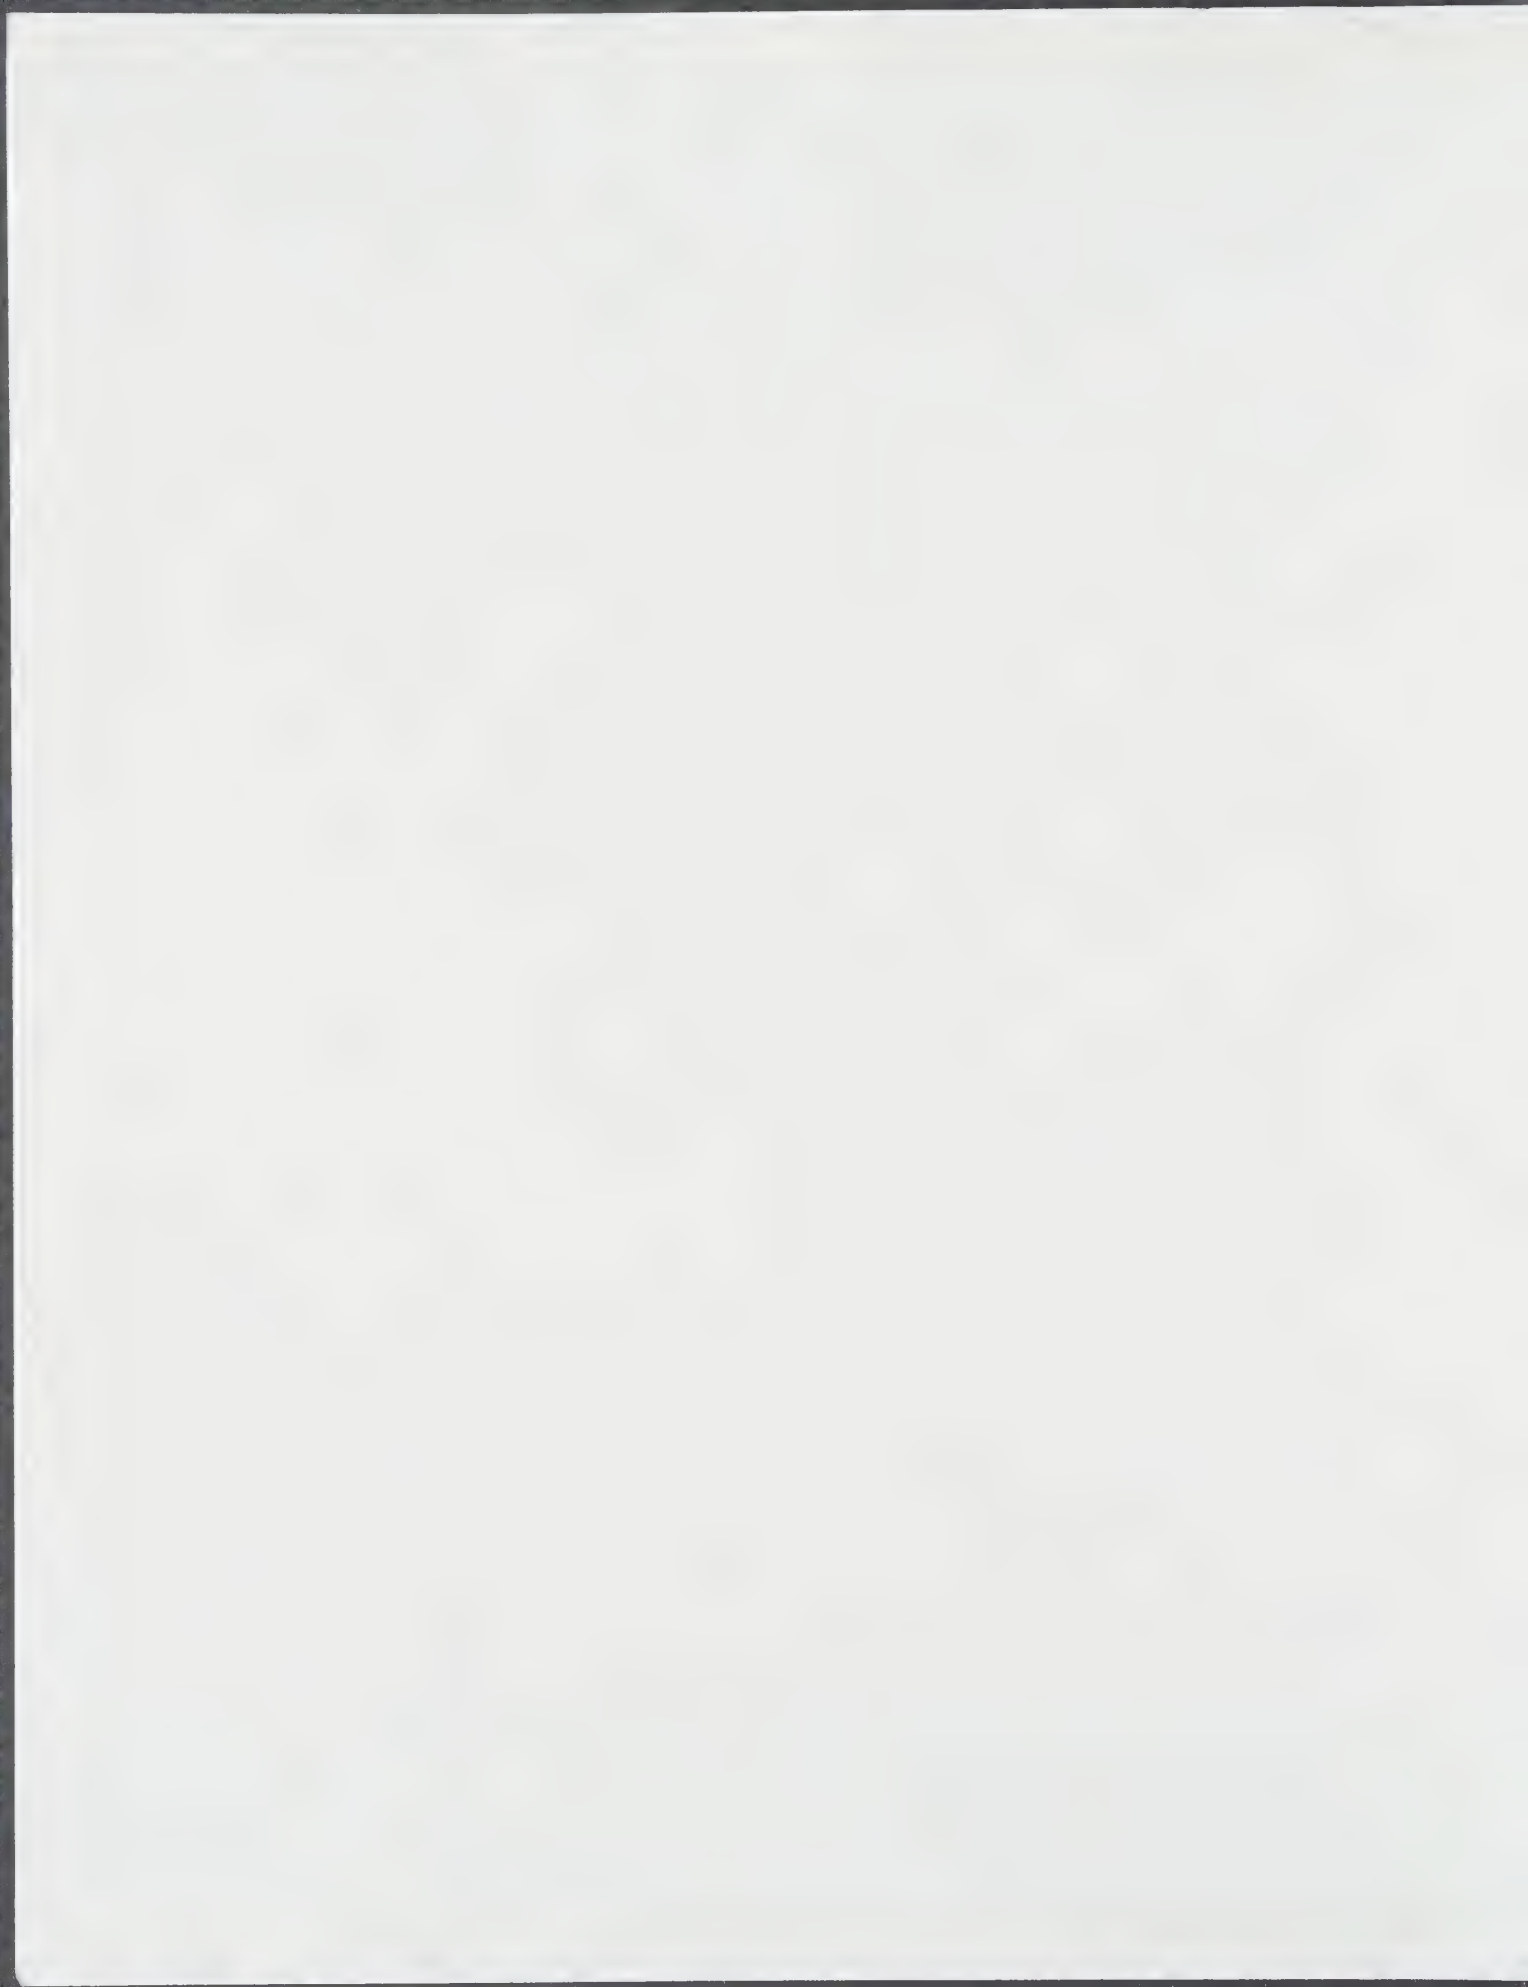

Dear Istvan:

Your *Chemical Intelligencer* probably has the best stamp corner published anywhere. Hence, I enclose all of the information on the Loschmidt stamp, which I have and which you might like to forward to your stamp expert.

With all good wishes from house to house, as always,

AB/cw

Page 1 of 6

TO: Professor Istvan Hargittai
Budapest Technical University
FAX: 36-1-463-4052

Dear Istvan:

Thank you for your fax of today.

Following this page are the faxes for the three pages of the page-proofs which I received. You will note that the only corrections are putting the various titles into italics and adding one comma on page two after "importance of Herb Brown's hydroboration₁".

As in your copy, the last four lines of the page-proofs are missing. Looking at the galley-proofs, the last four lines are fine. In fact, in the galley-proofs, the various titles are in italics and only the one comma is missing.

I don't whether you might consider some words about the Parsons Award relevant. In any case, I am faxing you the citation for that award to me, as well as a description of the award.

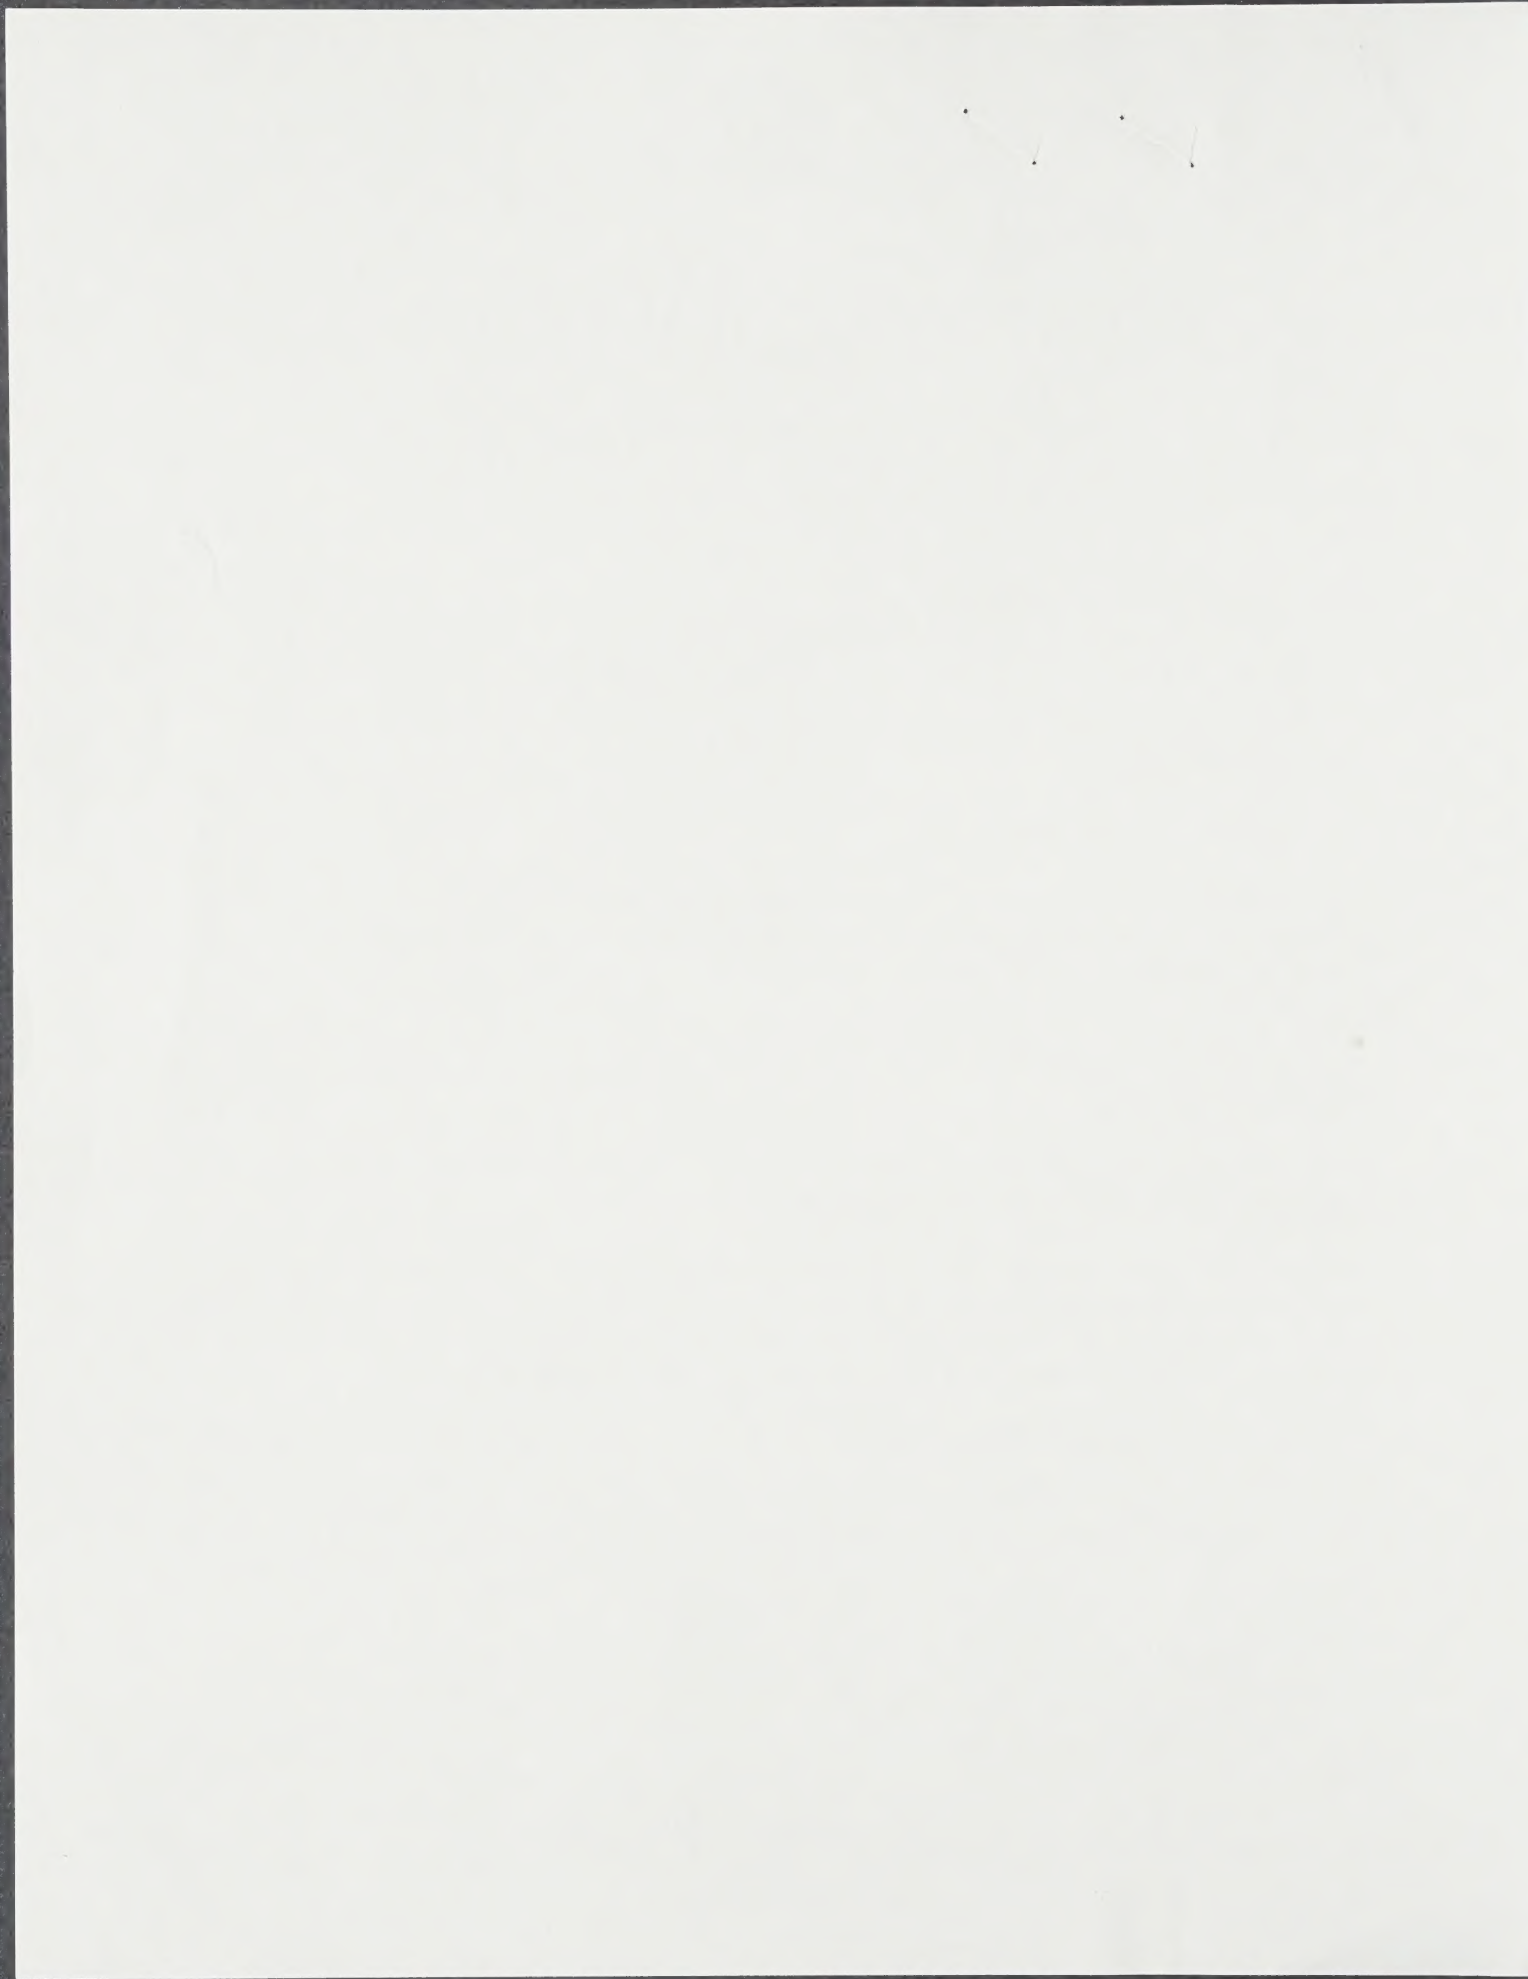

Regarding the copyright transfer statement, which I am sending to Madeline Kraner, you will recall that I permitted translation into Czech for publication in a chemical journal in the Czech Republic. Also, it may be that the American Chemical Society has some right to publish the award address sometime, and clearly I cannot transfer whatever rights the ACS has.

To change the subject: would you like me to send more and detailed information about the Austrian Loschmidt stamp?

With all good wishes from house to house, as always,

AB/cw

cc: Madeline R. Kraner (by fax: 212/473-6272 - 5 pages)

Offprints

Twenty-five (25) offprints of each contribution are supplied free of charge.

Additional offprints are available in lots of 100 at the prices listed in the table below, provided the order is received with the corrected proofs.

This order must either be accompanied by an official purchase order from your institution or be prepaid. Please make check or money order payable to: Springer-Verlag New York, Inc.

Offprints ordered after an issue has gone to press can be produced only if 300 or more are to be supplied. The cost is substantially higher.

I need the 25 free copies

yes no

In addition to my 25 free copies, please enter my order for:

100 200 300 400 500

Additional offprints are available only in lots of 100, as listed in the table.

For orders involving more than 32 pages or more than 500 copies, please ask for quotations.
