Dear Dr. Bader,

We would confirm to yourself the receipt of the additional works that you delivered personally into our warehouse yesterday, 17th July. We would also like to take this opportunity to thank you for the cheque that you left for the amount of £670.00. As agreed this was worked on an estimated price that was given to yourself for guidance purposes only.

Now that we have the works altogether within our warehouse we have been able to assess correctly the pack that will be required for these works with the necessary amount of foam etc., within the case to enable safe carriage. We have come to the conclusion that the pack would need to be a little bit larger than previously thought and also with more protection for the works within. This unfortunately will increase the costs to an overall figure of £781.50. This is the price from the U.K. up to arrival Milwaukee. This does not include any charges that would be incurred in the United States on clearance and delivery etc.

As agreed, all documentation and additional charges will be forwarded to Aldrich Chemical Co.Inc., c/o yourself.

Trust you will find this to your satisfaction.

Yours sincerely,

Paul Brecht  
Assistant General Manager
