CZECH STUDENTS ON FELLOWSHIPS

Dear Dr. Bader,

Thank you very much for giving me the opportunity to study at Columbia University. It is quite a new experience for me, and I must say that I am pleasantly surprised by the professional (but friendly) atmosphere at Columbia.

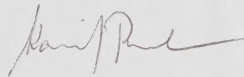

Your fellowships are very valuable for Czech students, especially at this time when the Czech universities are not supported enough by the government.

I hope I will take full advantage of my knowledge I will get at Columbia. (I would like to teach at a Czech university in future).

Merry Christmas and Happy New Year!

Sincerely yours,

Kamil Paruch

P.S. I would like to work for Prof. Katz. His chemistry (helicenes) seems fascinating to me.
