Dear Shelley:

That you for your kind note of May 19.

Years ago your sister Grace showed me such kindness that I knew her brother would be just as delightful. I wish I had known sooner what a *Mensch* Grace's brother really is.

I take such pleasure in my gallery and always have time to share with others who are interested in beautiful art. So when I meet a truly good and kind person, who also happens to have a eye for great art, it is really an auspicious occasion.

We live in a small world, Sheldon, as my secretary Niki Karp has told me that not only is her husband a patient of yours but you also took loving care of her aunt many years ago when she was dying of cancer.

Please do stop in and visit again soon. I am always happy to share my world with *Menschen* such as yourself.

With warm regards, I remain,

Yours sincerely,

AB/nik
