Dear Prof. Heinekey:

Thank you so much for all the time you spent with us last week Wednesday, and particularly for giving me the details of your much improved synthesis for carbonylrhenium. Thank you also for telling me that you purchase your rhenium metal powder from Rhenium Alloys Inc. in Elyria, Ohio for only \$1.30 per gram.

I am sure that you will really enjoy your work at the University of Washington, and Isabel and I hope to have a chance to chat with you there before long.

Best personal regards.
