Dear Professor Molander,

Will my talk next Thursday morning take place or will it be cancelled because of Hurricane Isabel?

If it will take place, we might well find it difficult to find a taxi to take us from the hotel to the Chemistry Department. Would it be possible for someone to pick us up?

Best wishes,  
Alfred Bader

Professor Gary A. Molander  
Department of Chemistry  
University of Pennsylvania  
231 South 34<sup>th</sup> Street  
Philadelphia, PA 19104-6323

Dear Professor Molander,

In response to your kind letter of April 9<sup>th</sup>, I much look forward to being with you on Thursday, September 18<sup>th</sup>.

I would prefer to give my lecture entitled *Richard Anschütz, Archibald Scott Couper and Josef Loschmidt: A Detective at Work* at 11 AM that morning and to talk to chemists, particularly Czech students, before the lecture.

All I will need is an overhead projector and a lapel microphone.

Sometime before going to the Chemical Heritage Foundation I would like to spend a bit of time just relaxing and preparing for the Ulliyot Lecture.

Of course Isabel and I much look forward to seeing our many friends in your Department.

With best regards I remain

Yours sincerely,

Alfred Bader  
AB/az

Suite 622  
Milwaukee, WI 53202

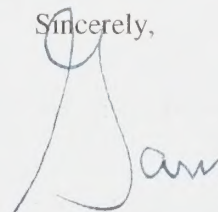

Dear Dr. Bader:

I write to confirm your upcoming visit to the Department of Chemistry at the University of Pennsylvania on September 18, 2003, in connection with your selection as the Ulliot Lecturer for the Philadelphia Section of the American Chemical Society and the Chemical Heritage Foundation.

I have the great pleasure and honor to serve as your host while you are in our Department. We must deliver you to the Chemical Heritage Foundation by 5:00 PM for your lecture there that evening, and thus a convenient time for your lecture in the Department of Chemistry might be 11:00 AM or 2:00 PM, whichever you prefer. The remainder of the day will be spent in discussions with faculty and, in particular, those students from Eastern Europe that have benefited from your generous support.

Please do not hesitate to contact me with any other questions or requests. I will look forward to hearing from you regarding your seminar in our Department.

Sincerely,

Gary A. Molander  
Allan Day Professor of Chemistry

Cc: Dr. George F. Palladino

**Subject:** Re: Seminar at U of Pennsylvania, Thursday, 18 Sep, 11AM  
**From:** Elaine Regan <eregan@sas.upenn.edu>  
**Date:** Tue, 16 Sep 2003 12:22:28 -0400  
**To:** Alfred Bader Fine Arts <baderfa@execpc.com>

Dear Ann,

I did not make any appointments after lunch as I knew Dr. Bader wanted to prepare for his talk.

Sincerely,

Elaine

Dear Ms. Regan,

Please cancel all afternoon commitments for Dr. Bader. He will be returning to his hotel after lunch where he will prepare to give the Glenn Ullyot lecture at the Chemical Heritage Foundation.

Many thanks for your help,  
Ann Zuehlke

Elaine Regan wrote:

Dear Dr. Bader,

Jan Romero (a graduate student, from Professor Molander's group) will pick you up at the Omni Hotel at 8:30 AM. Jan will meet you inside the hotel. Your first appointment at Penn is at 9:00 AM (see attached schedule).

Sincerely,

Elaine (Secretary to Professor Gary A. Molander)

# ULLYOT PUBLIC AFFAIRS LECTURE

THURSDAY, 18 SEPTEMBER 2003  
PHILADELPHIA, PENNSYLVANIA

## Program Information

We are pleased to confirm your participation in the above event.

### Event Location

Chemical Heritage Foundation  
315 Chestnut Street  
Philadelphia, PA 19106  
215.925.2222 PHONE  
215.925.1954 FAX

### Preliminary Schedule of Events

#### *Wednesday, 17 September 2003*

Evening Transfer to hotel from PHL

#### *Thursday, 18 September 2003*

11:00 AM University of Pennsylvania  
5:00 PM Arrive to CHF  
6:00 PM Lecture begins  
7:00 PM Reception begins  
7:30 PM Dinner begins  
9:30 PM Dinner concludes

#### *Friday, 19 September 2003*

10:00 AM Breakfast with Arnold Thackray  
11:00 AM Meeting with Marge Gapp at CHF  
12:00 PM Brown Bag Luncheon, CHF  
3:00 PM Philadelphia Museum of Art

Departure on own

### Accommodations

Check-in: 4:00 PM  
Checkout: 11:00 AM

Omni Hotel at Independence Park  
401 Chestnut Street  
Philadelphia, Pennsylvania 19106  
Phone: (215) 925-0000  
Fax: (215) 925-1263

Confirmation number 234538

## Travel Information

### Airline Tickets

#### *Arrival (Philadelphia)*

17 September 2003 at 7:25 PM  
Midwest Express Flight Number 156

#### *Departure (Newark)*

22 September 2003 at 11:15 am  
Midwest Express Flight Number 271

### Ground Transportation

Scott Lockledge, Director of Public Affairs for CHF, will pick you up at the Philadelphia International Airport. He will meet you in baggage claim.

It is our understanding that you will make your own arrangements to return to the airport for your departure. If that changes, please let Audrey Schneider know as soon as possible. Her contact information is listed below.

### Expense Reimbursement

Please retain all of your receipts from your travel related expenses and forward them to Audrey Schneider upon your return.

## Contact Information

If you have any questions regarding the event, please contact:

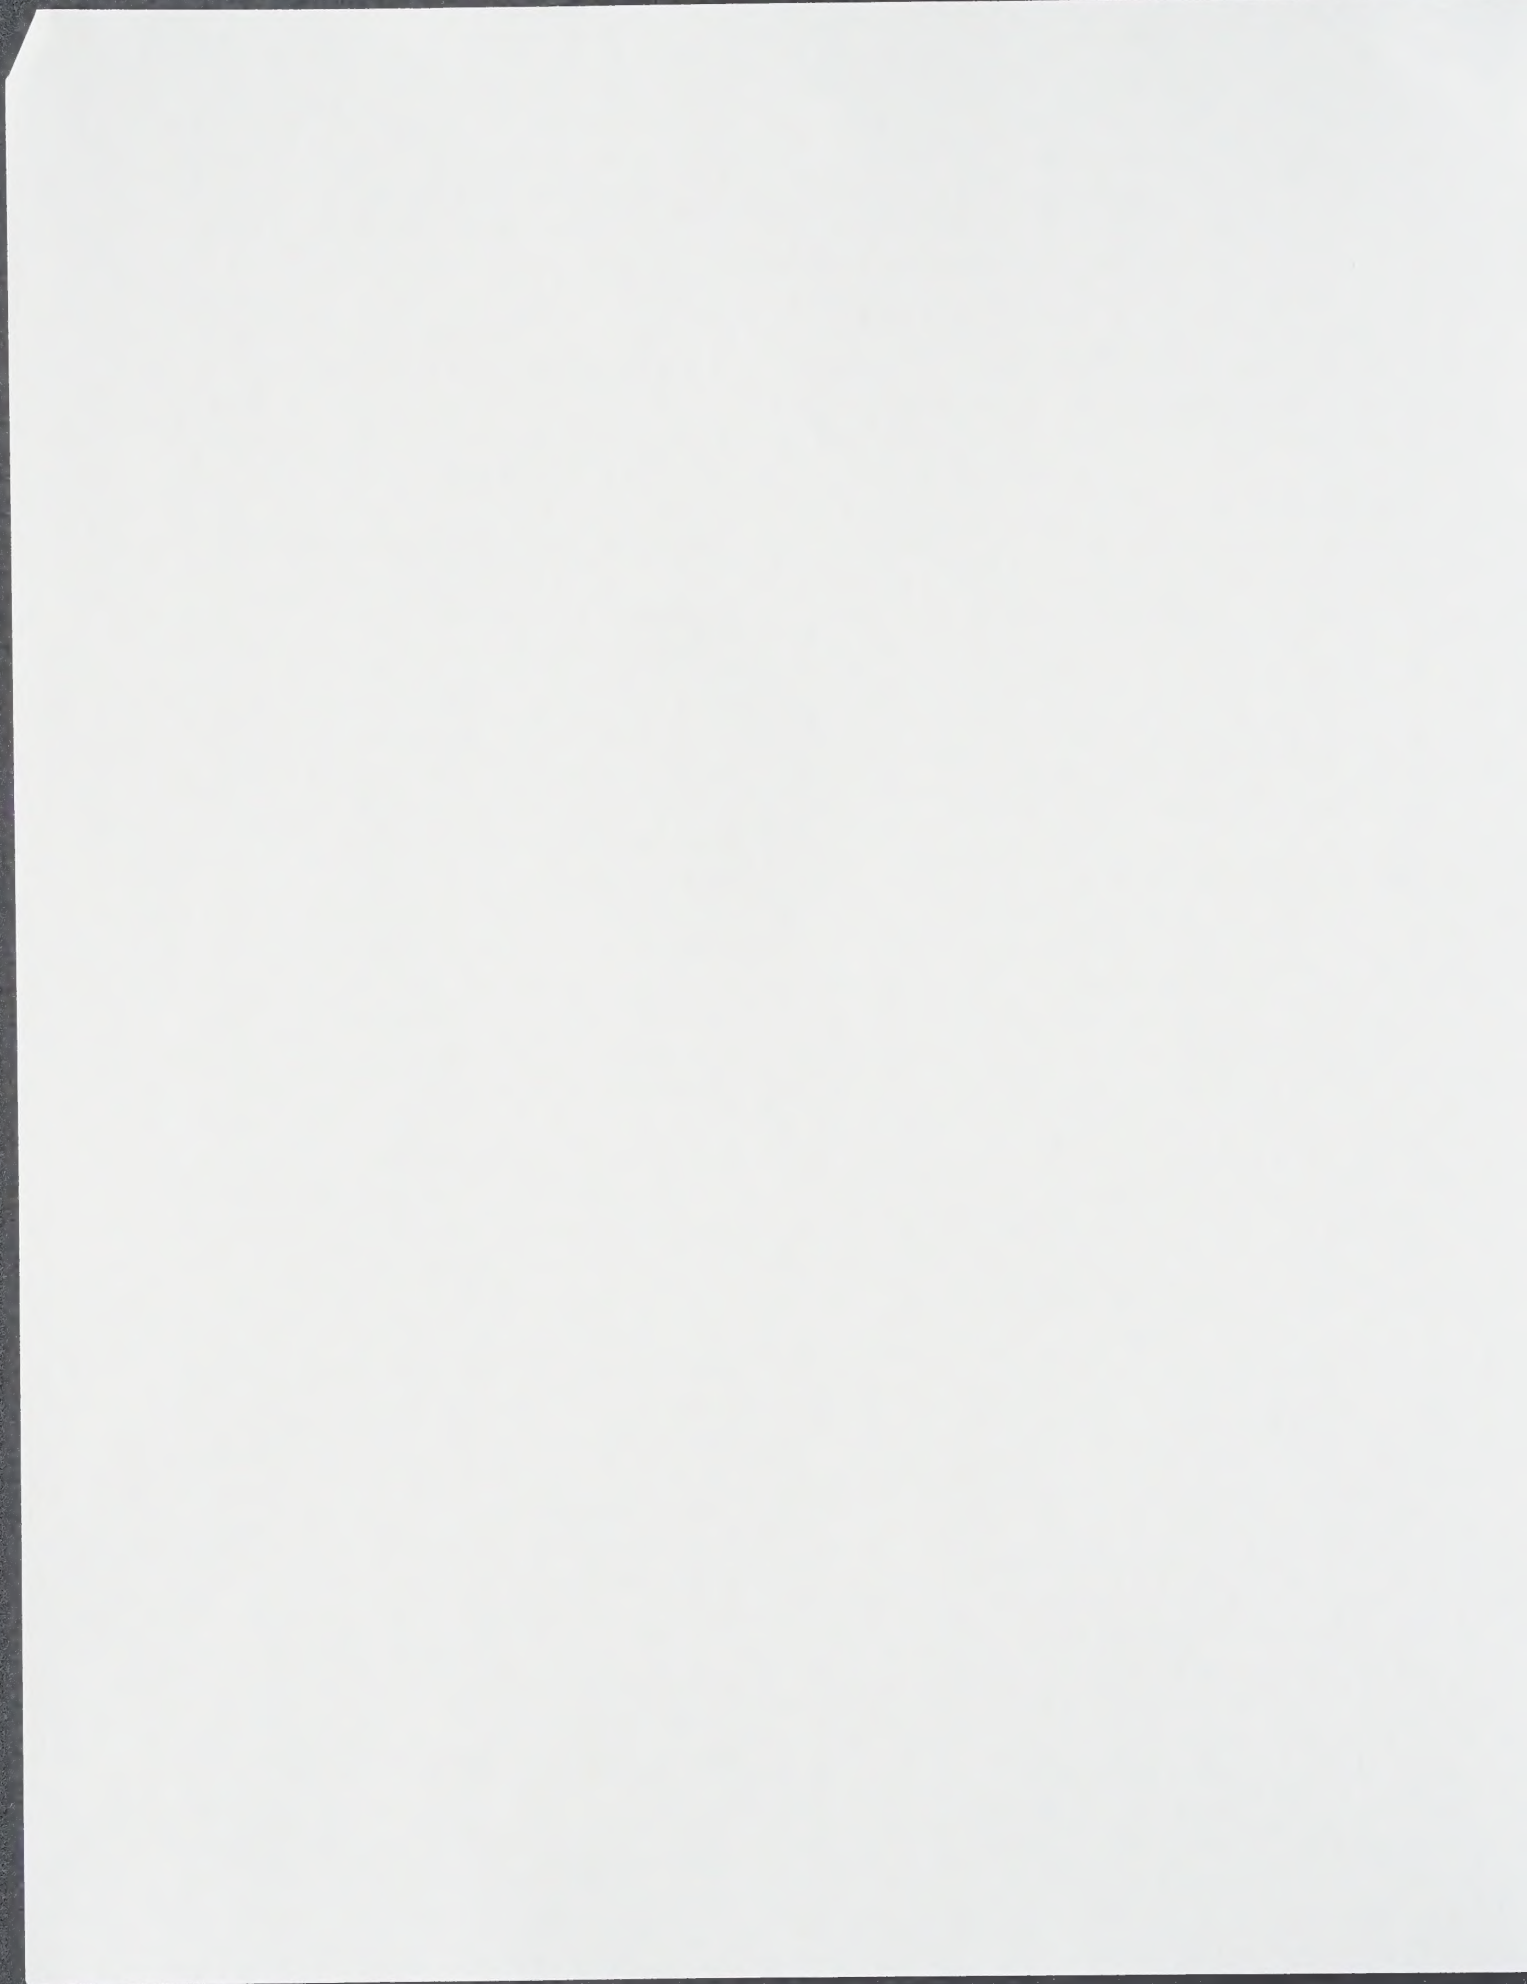

Audrey Schneider  
Chemical Heritage Foundation  
315 Chestnut Street

**Subject:** ALFRED BADER TO PRESENT THE 2003 ULLYOT PUBLIC AFFAIRS LECTURE AT CHF, 18 SEPTEMBER AT 6 P.M.

**From:** "CHF on the Move" <chfonthemove@chemheritage.org>

**Date:** Mon, 15 Sep 2003 10:52:08 -0400

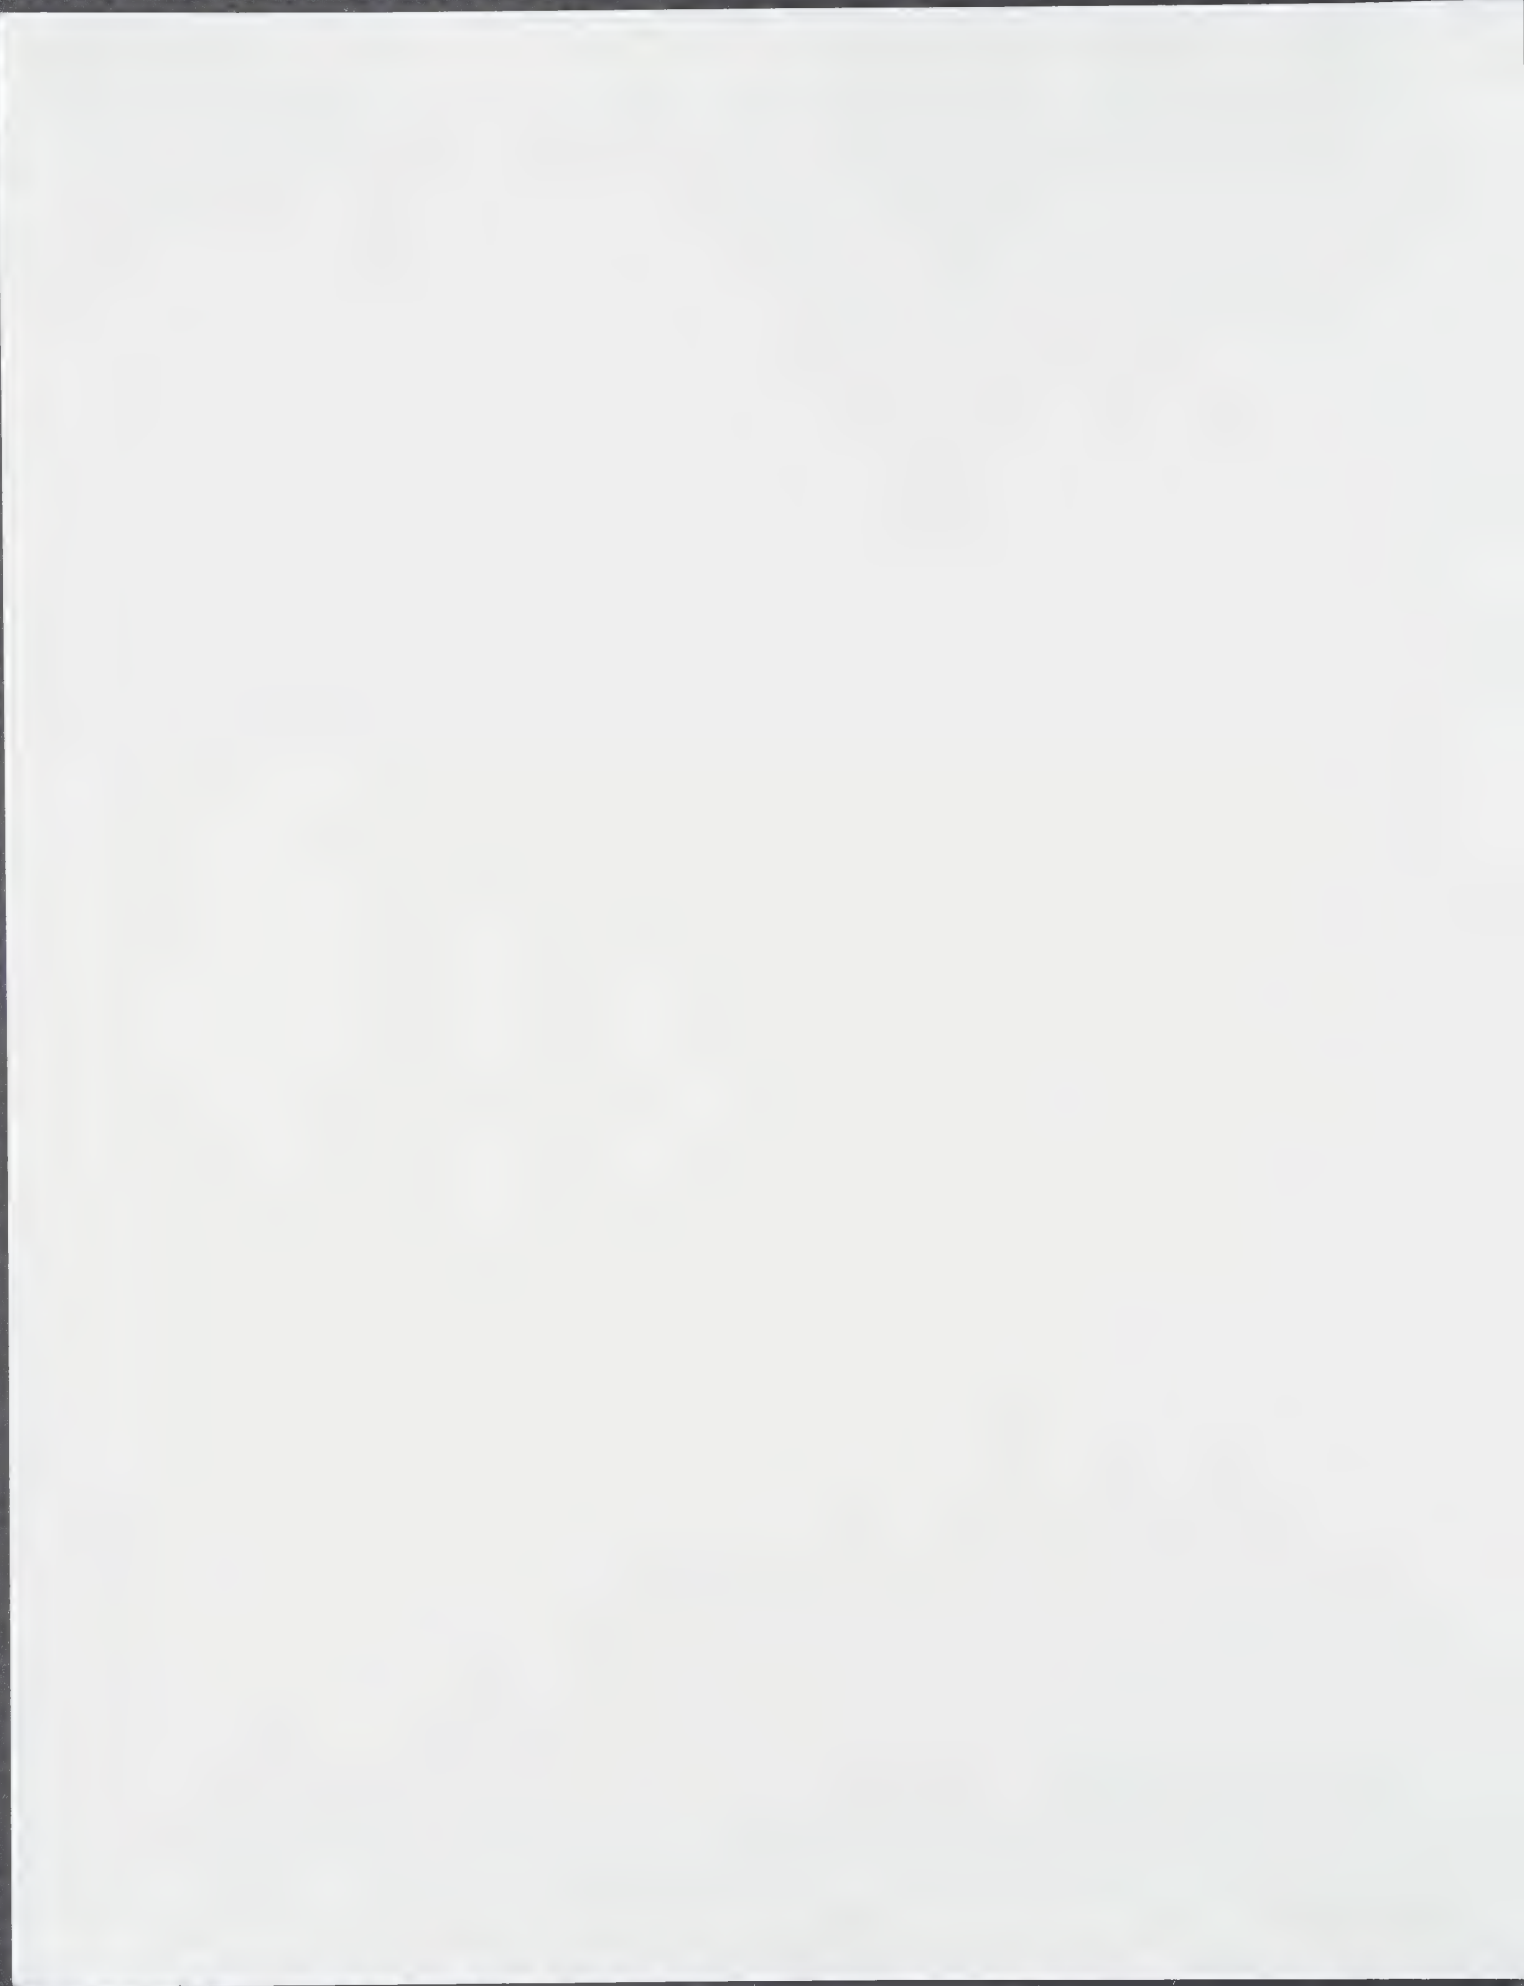

ALFRED BADER TO PRESENT THE 2003 ULLYOT PUBLIC AFFAIRS LECTURE AT CHF, 18 SEPTEMBER AT 6 P.M.

Art collector, entrepreneur, scientist, Bader to discuss building a billion-dollar company from a small start-up

Renowned art collector, entrepreneur, and scientist Alfred Bader will present the 2003 Ulliyot Public Affairs Lecture at the Chemical Heritage Foundation on Thursday, 18 September. The talk, "Learning from Experience: The Aldrich Story, the Rocky Road to Success," begins at 6:00 p.m. and will be followed by a reception at 7:00 p.m. The talk is free and open to the public; registration is requested. To register for this lecture, please visit [www.chemheritage.org](http://www.chemheritage.org) and click on "Events & Activities."

Dear Arnold,

I have four jobs which involve me in a great deal of travel. We will not come to the New York ACS but sure look forward to Philadelphia. After that we will be at a Rembrandt celebration at Queen's University and in November and December in England and Scotland giving lectures in Leicester, Edinburgh and Glasgow.

We look forward to a late supper on September 17th.

Best wishes,  
Alfred

Thackray, Arnold wrote:

Dear Alfred,

Will you be at ACS NY? If so, we can review logistics then-but yes, let's have a late supper on 17 September.

As ever,  
Arnold

To: Thackray, Arnold  
Subject: Visit

Dear Arnold,

Unfortunately the only direct flights from Milwaukee to Philadelphia are two Midwest flights, one quite early in the morning and the second arriving in Philadelphia at 7:30 in the evening.

Isabel and I are booked to arrive by Midwest 156 at 7:25PM on Wednesday, September 17th.

If you would like quite a late supper, we will be happy to join you that Wednesday evening.

As you know, flights are much less expensive when the trip is over a Saturday and so we have booked to arrive on Wednesday and to leave on Monday morning. There will be no expense between Friday afternoon and Monday because we will be visiting my son in Bucks County. He will pick us up at the Art Museum.

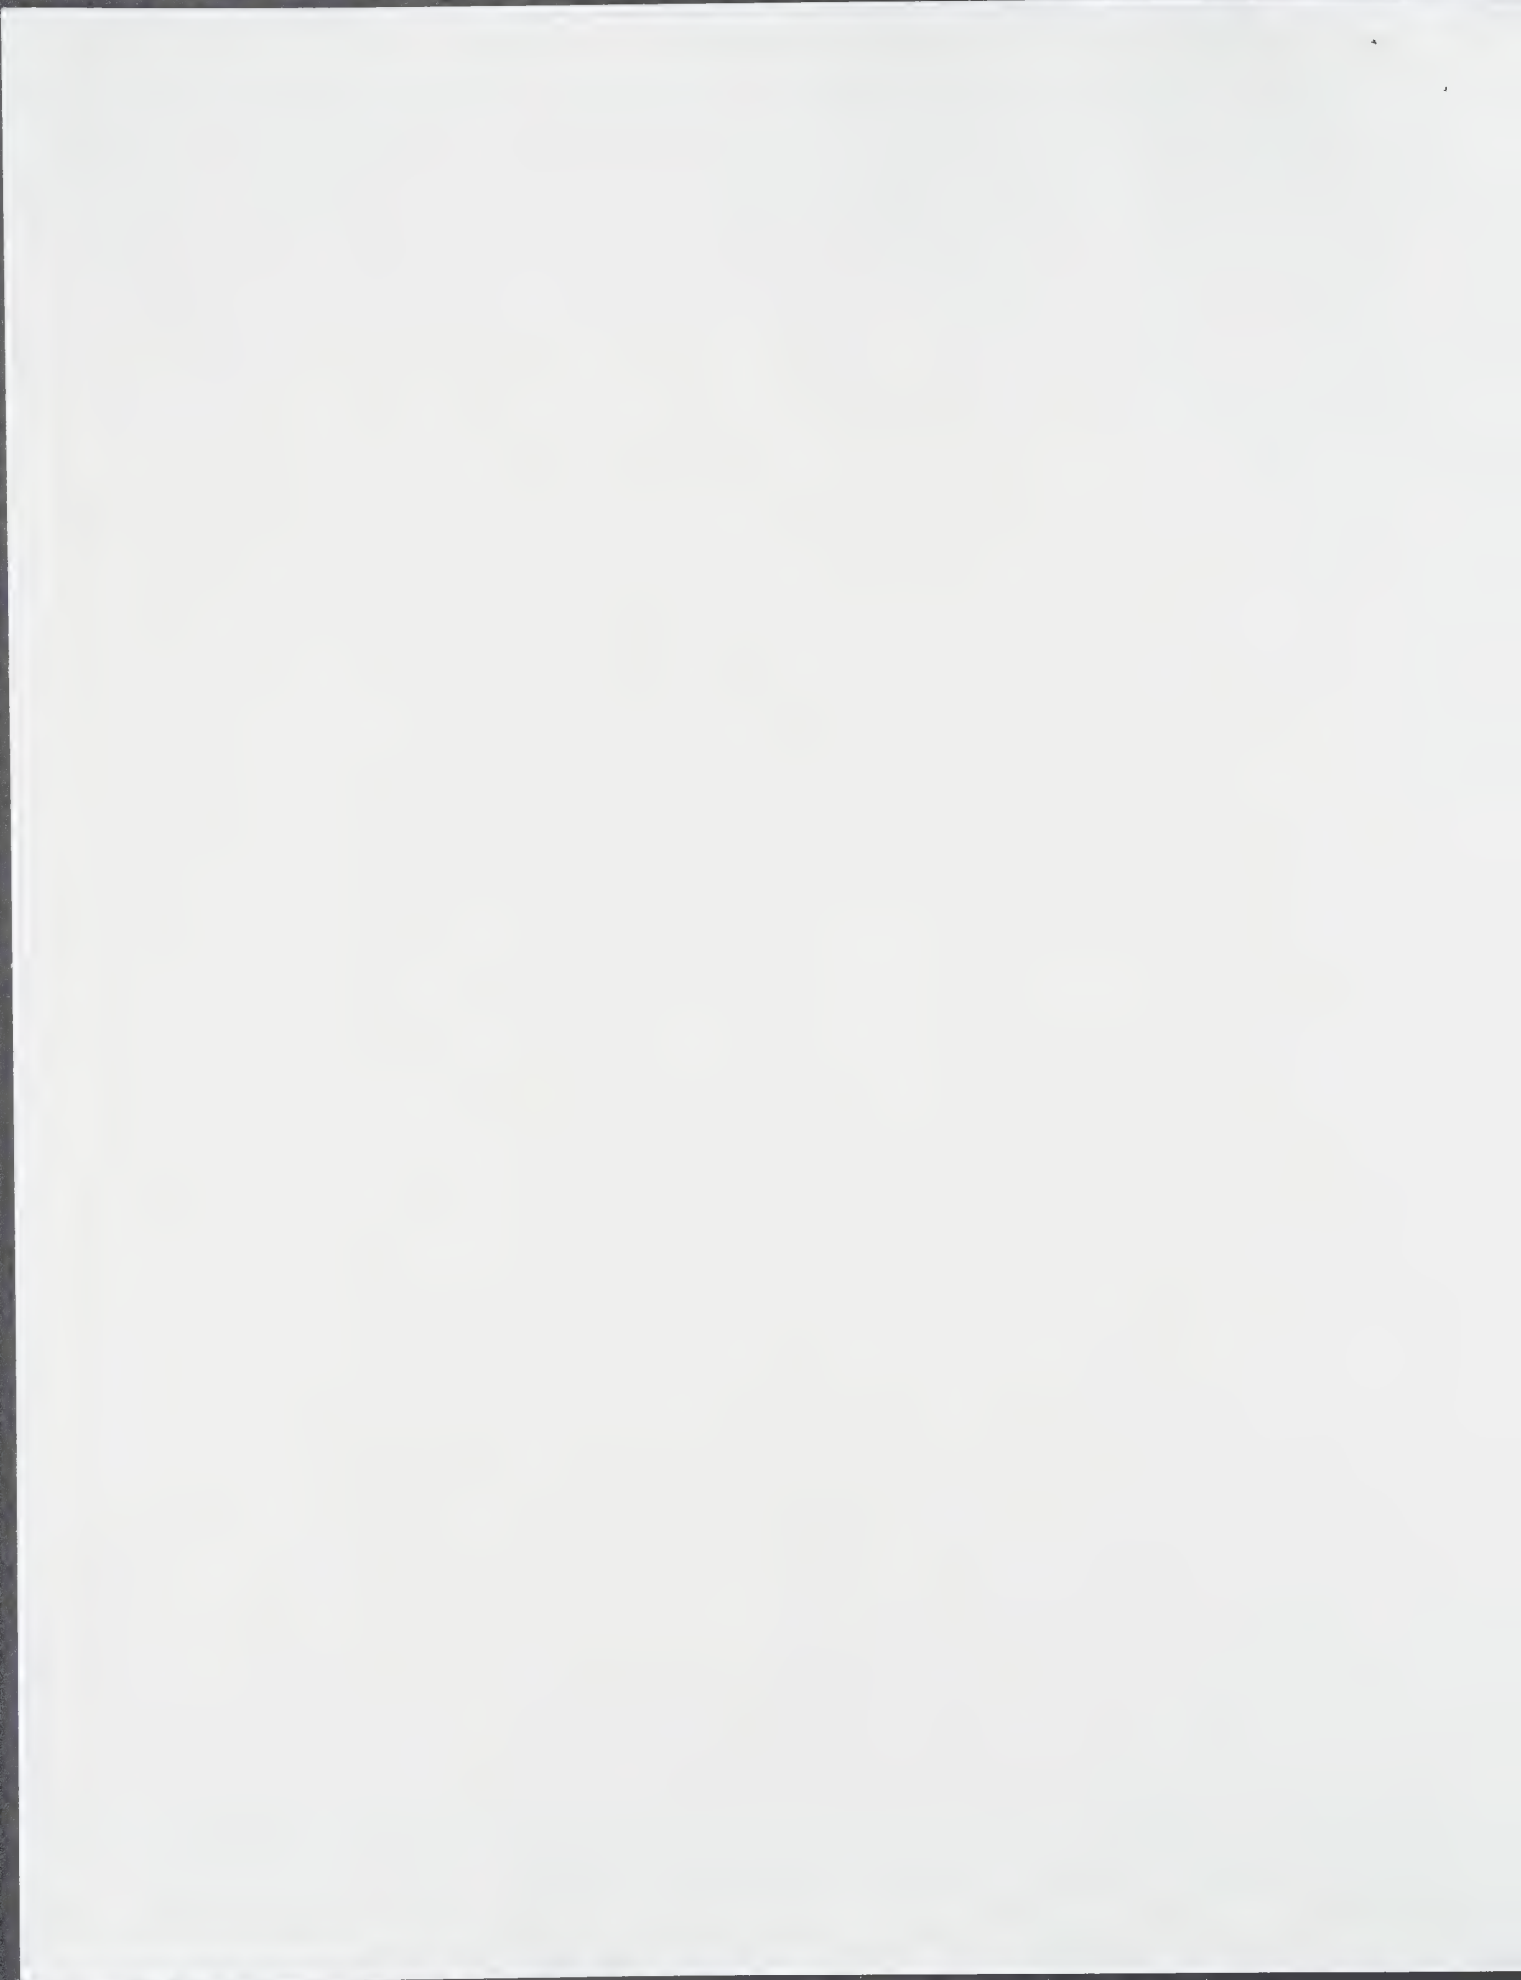

Our flights cost \$475 total.

With best wishes,  
Alfred

Milwaukee, WI 53211

Dear Dr. Bader:

Alpha Chi Sigma Fraternity  
American Association  
for Clinical Chemistry

Thank you for being a continuing member of the Robert Boyle Society which provides unrestricted annual support to help the Chemical Heritage preserve and make known the history and heritage of the chemical and molecular sciences, technologies, and industries.

American Association of Textile  
Chemists and Colorists

This fall we have two programs planned that I thought might be of special interest to you:

American Chemistry Council

- 18 September 2003 for the Ulliot Public Affair Lecture featuring Dr. Alfred R. Bader, co-founder of Aldrich Chemical Company, now Sigma-Aldrich. Dr. Bader is a distinguished chemist, as well as a noted art collector, philanthropist, and sought after lecturer.

American Institute of  
Chemists, Inc.

- 10 November 2003 for CHF's Fall Board Dinner. The evening will begin with the Heritage Hour Talk by Foil A. Miller—*A Postage Stamp History of Chemistry*, followed by a special reception for Robert Boyle Society Members, and dinner.

American Oil Chemists' Society

More details will follow, including formal invitations to both events, but I wanted to be able to provide you with plenty of lead time so that you will save the dates.

American Society for Biochemistry  
and Molecular Biology

American Society for  
Mass Spectrometry

AOAC International

Biotechnology Industry  
Organization

The Chemists' Club

Color Pigments  
Manufacturers Association

Lastly, this fall, CHF will be launching a new \$5,000 level of the Robert Boyle Society. Once again, through the generosity of the Haas Match Program, new and current members will have the opportunity to join the \$5,000 level of the society in three steps:

Commercial Development and  
Marketing Association

Year 1 Donor Contributes	\$2,500
Haas Match Contributes	<u>\$2,500</u>
Total	\$5,000

Council for Chemical Research

Year 2 Donor Contributes	\$3,750
Haas Match Contributes	<u>\$1,250</u>
Total	\$5,000

The Electrochemical Society, Inc.

The International Society for  
Pharmaceutical Engineering

International Union of  
Pure and Applied Chemistry

Year 3 Donor Contributes	\$5,000
--------------------------	---------

I hope your summer is treating you well and that we will see you at CHF in the fall.

Best regards,

Jeffrey McDaniel  
Assistant Director of Development

\* We look forward to having you here!

The North American  
Catalysis Society

Pharmaceutical Research and  
Manufacturers of America

Pittsburgh Conference

Plastics Pioneers Association

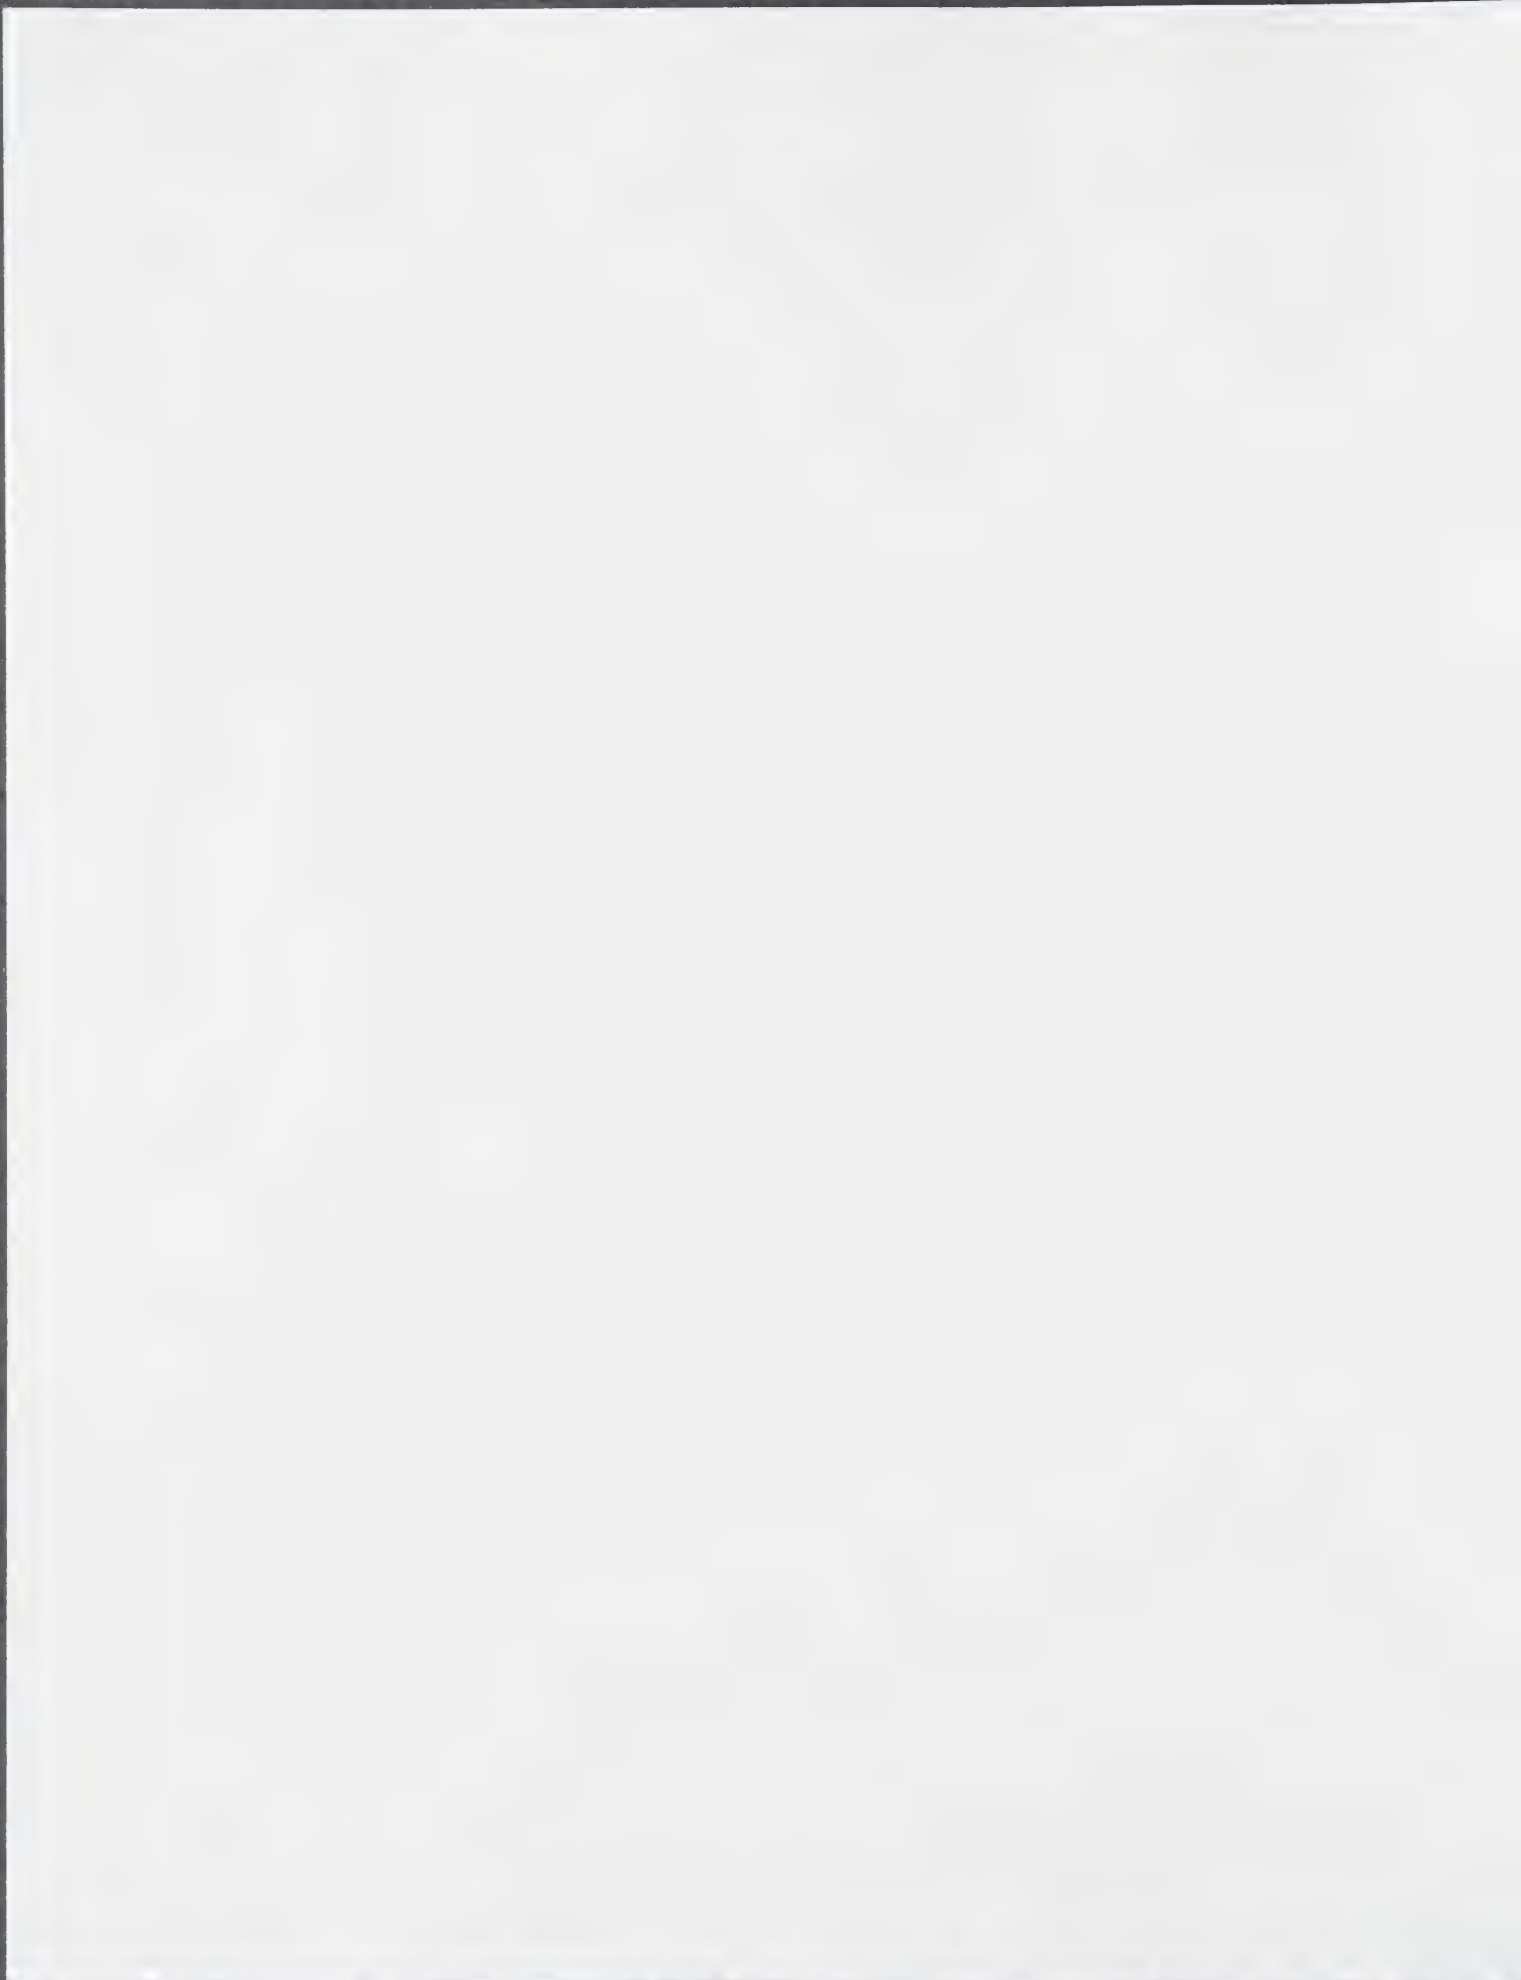

Société de Chimie Industrielle  
(American Section)

Society for Applied Spectroscopy

Society of Chemical Industry  
(American Section)

Society of Cosmetic Chemists

Synthetic Organic Chemical  
Manufacturers Association

**Sent:** Tuesday, July 29, 2003 9:27 AM  
**To:** Thackray, Arnold  
**Subject:** Your preliminary schedule

Dear Arnold,

Thank you for your schedule of September plans, sent on July 22.

Could you please change the title by replacing the word "and" with a comma. That is, the title should be **Learning from Experience: the Aldrich Story, the Rocky Road to Success** .

The chemist in Philadelphia who knows me almost as well as Arnold Thackray is Amos Smith. But it is not really important who introduces me as long as the introduction is brief.

That leads me to the major problem with your plans: I really plan not only to give a history of Aldrich, but to talk about the causes of our good fortune and the mistakes I made in the hope that the talk might help fledgling entrepreneurs today. But I would find that very difficult to do in 30 minutes. Could you please change that to 50 minutes? I will need an overhead projector and a lapel microphone if available.

As I will have to give a talk at the Chemistry Department at 11:00 that Thursday morning, I think we should arrive in Philadelphia on the 17th. Of course we need reservations only for the Wednesday and Thursday nights and can leave our luggage at the CHF to be picked up after my talk at the Art Museum.

I have had a call from Lloyd de Witt, who has confirmed that my talk on the Rembrandt Research Project and the Collector will be at 3:00 Friday afternoon. After that we will travel to Bucks County to be with my family there and, incidentally, to take advantage of the lower fares as we will be staying over a Saturday.

Breakfast with you at the Omni Hotel on Friday morning will be fine.

During the brown bag lunch I just want to stress the importance of your collection and my hope that it will lead to a great international exhibition of alchemical paintings.

All the best,  
Alfred

22 July 2003

Dear Alfred:

It was a pleasure speaking with you. Thank you again for agreeing to deliver this year's Ulliot Lecture, scheduled for 18 September 2003 at the Chemical Heritage Foundation. Your lecture on *Learning from Experience: the Aldrich Story and the Rocky Road to Success* is eagerly anticipated.

For your and Isabel's convenience, here is a preliminary schedule of the evening's activities.

5:00 pm	Arrival and meetings with CHF staff
6:00 pm	Welcome Remarks, Arnold Thackray
6:10 pm	Introduction, TBD
6:25 pm	Lecture, Alfred Bader
6:55 pm	Conclusion, Arnold Thackray
7:00 pm	General Reception
7:45 pm	Small invitational Dinner
9:30 pm	Dinner concludes

Ordinarily we ask a prominent, local member of the chemical community to introduce our lecturer. May I suggest either Paul S. Anderson or Ralph Hirschmann? Would they be satisfactory to you or would you prefer that we invite someone else? Please let me know by phone (215) 873-8245 or email at your earliest convenience.

As I mentioned in our conversation, the Chemical Heritage Foundation also hosts an occasional, informal series of "Brown Bag Lunches" in our conference room. I am sure that it will be a unique and memorable experience for those in attendance. We look forward to hearing your perspective on *The Alchemical Paintings at CHF*, on Friday, 19 September (noon to 1:00 pm) followed by a "quick bite of lunch for the speaker." We are working with the University of Pennsylvania and the Philadelphia Museum of Art to coordinate schedules for Thursday morning and Friday afternoon. We understand you will arrive in Philadelphia late on Wednesday, and have made a guaranteed reservation for you at the Omni Hotel (401 Chestnut Street; \$20 and 20 minutes from PHL).

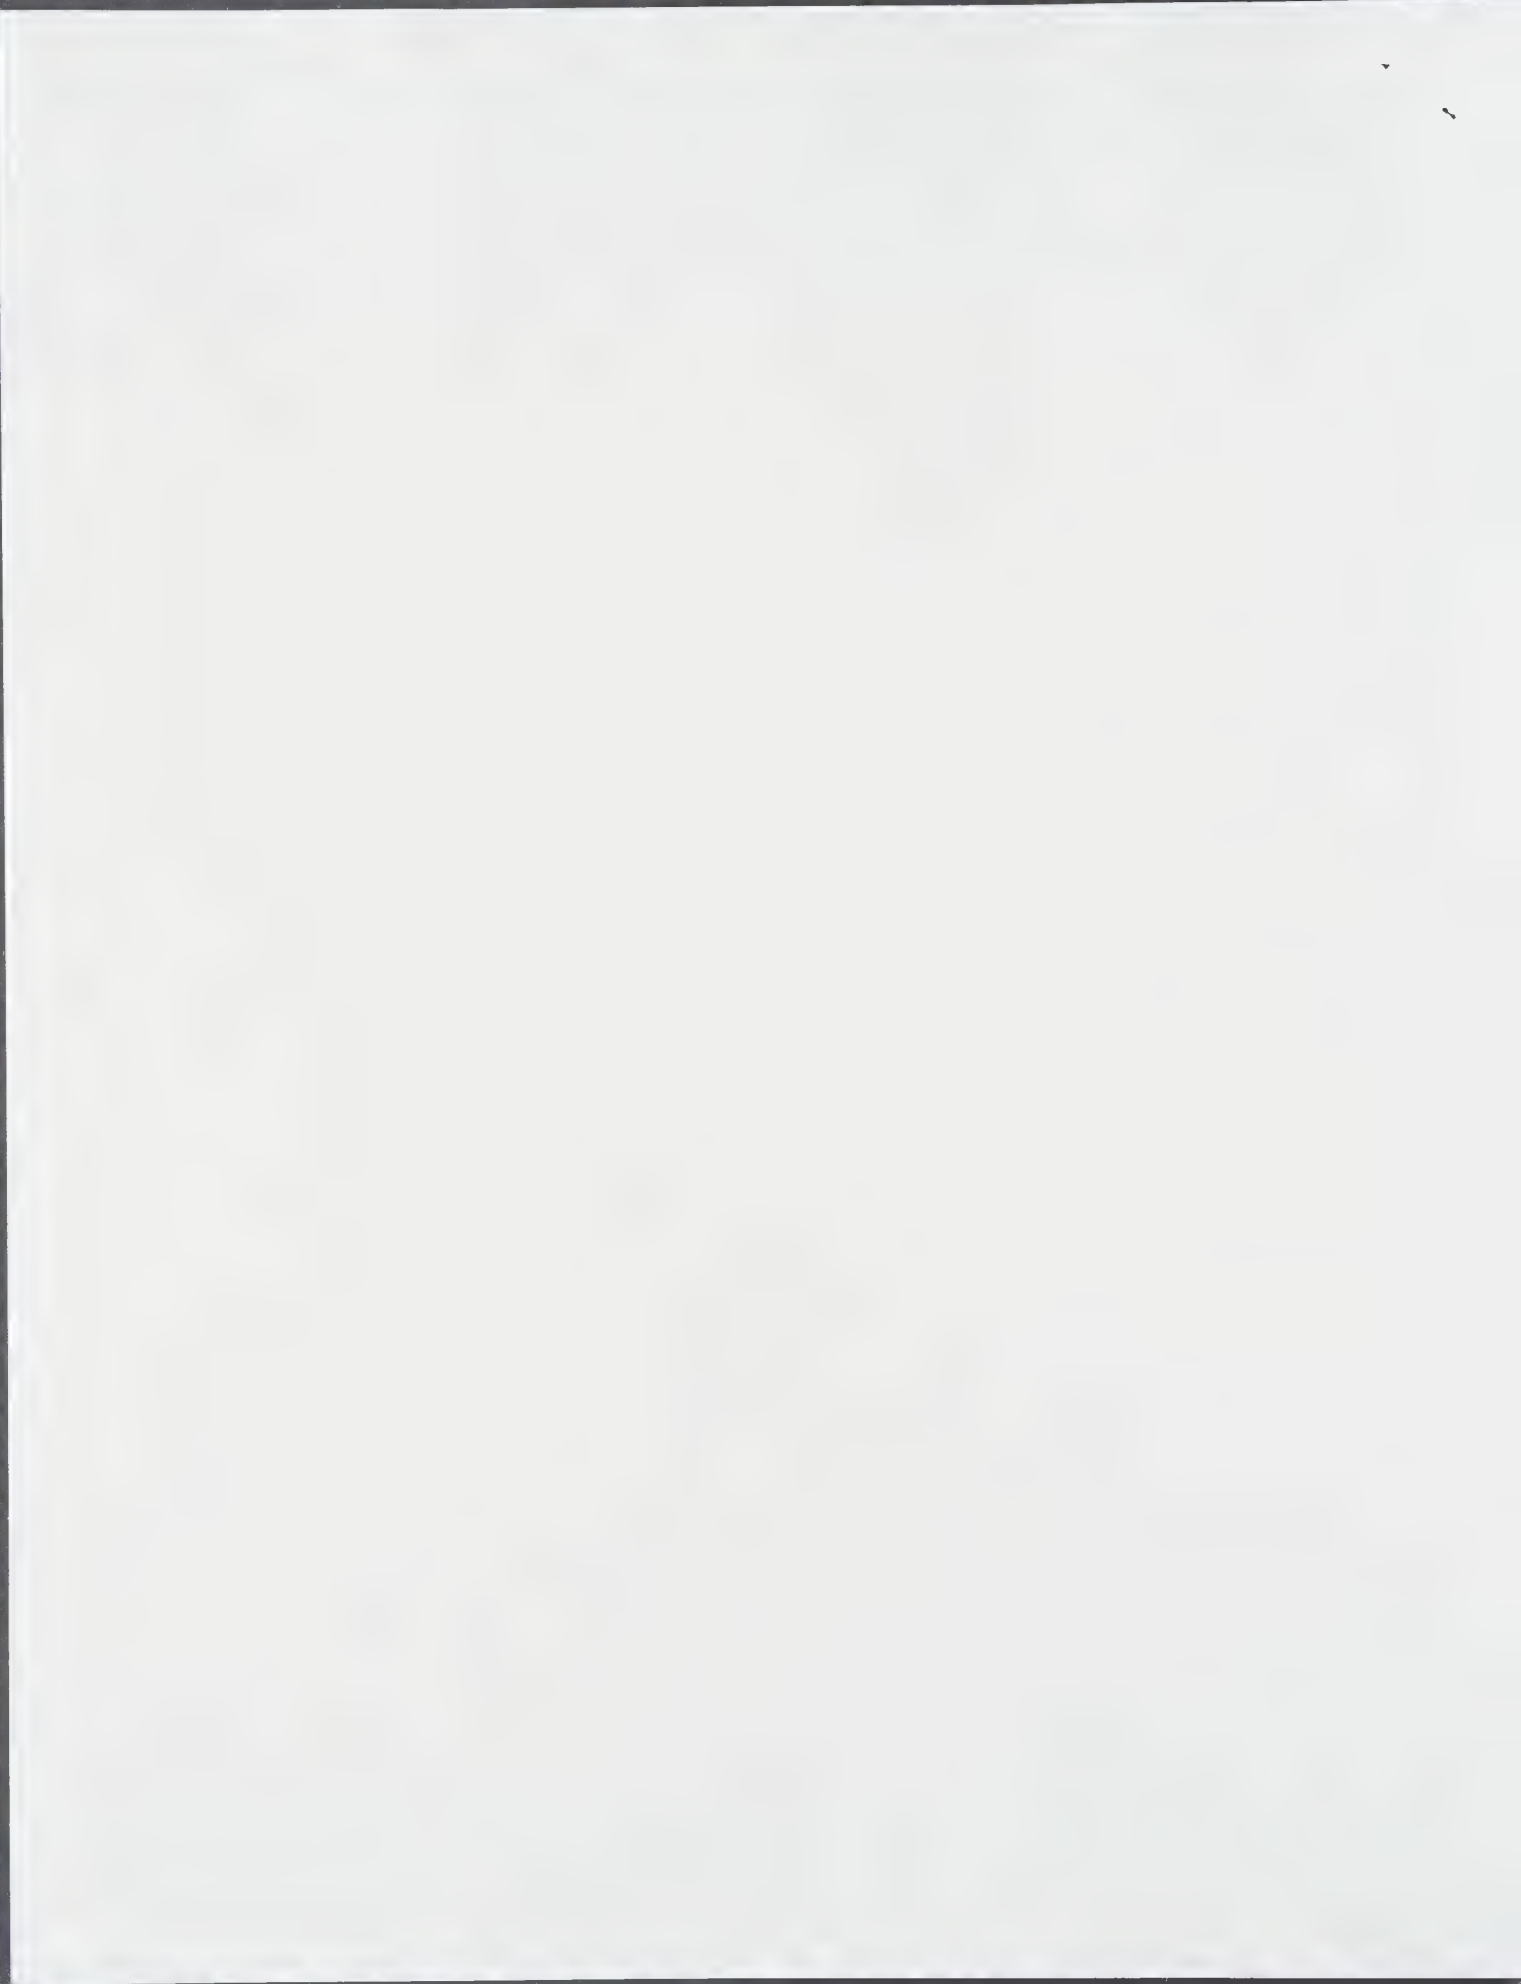

May you and I breakfast together (with Isabel?) at the Omni on Friday morning, at a time to your convenience (8 am? 9 am?)

Our Awards Manager, Audrey Schneider, will be in contact with you regarding your travel logistics, and to finalize details of your visit. Should you need to contact her directly she can be reached at 215-925-2222 x 227 or by email at [Audreys@chemheritage.org](mailto:Audreys@chemheritage.org).

Looking forward greatly to your learned and cheerful presence.

Sincerely,

Arnold

*A Chemist Helping Chemists*

September 12, 2003

Dr. David Harvey  
1470 E. Bay Point Rd.  
Whitefish Bay, WI 53217

Dear David,

Last June I visited a company in Vienna, POC, which has a very interesting biocide which they call AKACID. Their descriptive bulletin is enclosed. It is marked "Confidential" but I received their specific permission to pass it by Sigma-Aldrich because it might be worthwhile listing as a product.

Note that they have EU registration but not EPA registration.

Of course you're right that many start-up companies have greatly inflated ideas of their value. So it is with POC who would like me to invest a few million dollars. This is not for me, but I do think that the product may be really interesting.

Please return the booklet at your convenience.

As you will see from the enclosed, I am giving the Glenn Ulliyot Lecture at the Chemical Heritage Foundation next Thursday evening. It is entitled *The Story of Aldrich: The Rocky Road to Success* and I wish that you could listen to it.

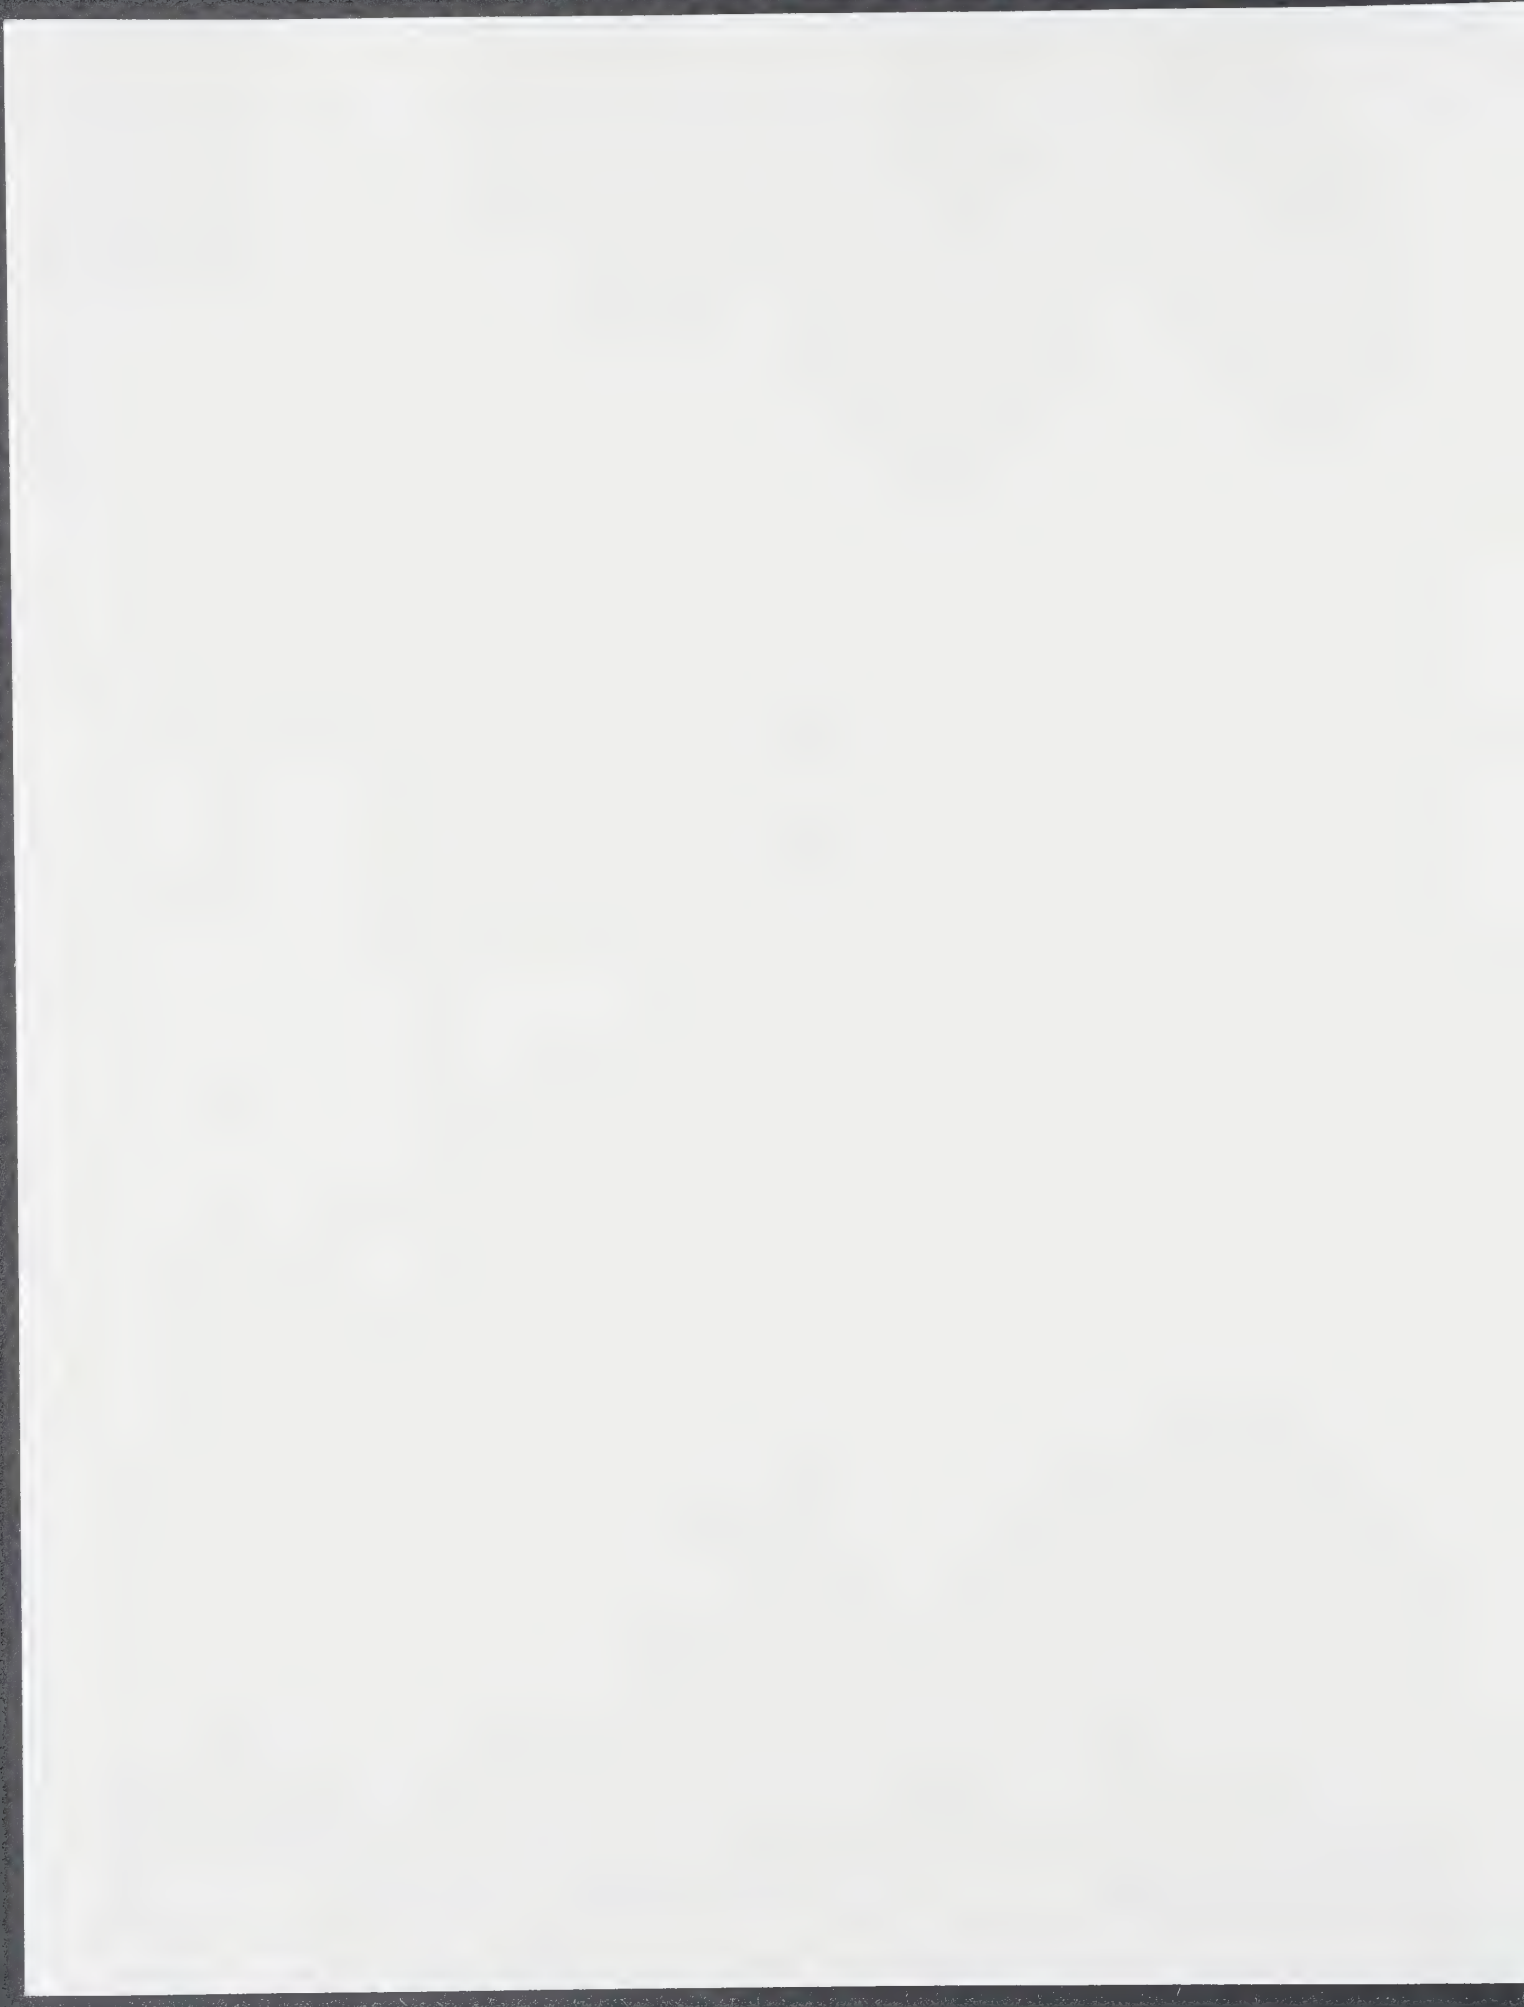

Thank you for your letter of August 25<sup>th</sup>.

I was glad to see that Chris Hewitt is meeting with the President of Fluorous Technologies later this month. They certainly have an interesting product line and great advertisements, copy of one is enclosed.

With best wishes I remain

Yours sincerely,

Alfred Bader  
AB/az  
Enc.

Dear Audrey,

Thank you for your summary document - it is most useful.

One question, however. **Dr. Alfred Bader** was under the impression that Dr. Thackray would be picking them up from the airport and then staying for a late supper. Has that changed?

Dear Ann,

I am so glad that the document was useful. I will make any corrections as I hear of them and will have a copy delivered to Dr. Bader's room tomorrow for his arrival (I will also email you a copy). I am double checking who will greet Dr. and Mrs. Bader at the airport, but rest assured that they will definitely be picked up. Should Scott Lockledge collect them at the airport, Arnold Thackray still plans to meet with them for supper that evening. I will keep you posted.

I requested a late check out for the Bader's on Friday afternoon at the Omni Hotel (3:00 p.m.). Christina, at their front desk, assured me this morning that it should not be a problem. It would be helpful if Dr. Bader were to "remind" them of the arrangements that were made on his behalf when he checks in.

Best,

Audrey

*e David by e mail*

I hope David gets here before the weekend, when he has to be back home to meet you and Isabel. Don't be afraid of hurricane Isabel. You have your own hurricane to bring along! They will neutralize each other. I have put all three items aside for David, for when he shows up. As always, I don't have the Dorotheum catalogue yet.

Subject: Paintings and frames

Dear Otto,

I received the Rembrandt school drawing and find it truly beautiful. But then I tell myself that I don't really know much about drawings.

My son David may come to New York City this week to look at the Wunderkammer in your gallery. If he does, please give him the little frame that the Arnoldi-Livies left you and the big frame of the beautiful Ostade you have as well as the Italian portrait that did not sell at Sotheby's. David will then take all three along and give them to me when we meet in Philadelphia on Friday. Mind you, I am not certain that we will meet because Isabel is not the only one who is coming to Philadelphia and I am not certain that with the hurricane coming we will be able to fly on Wednesday.

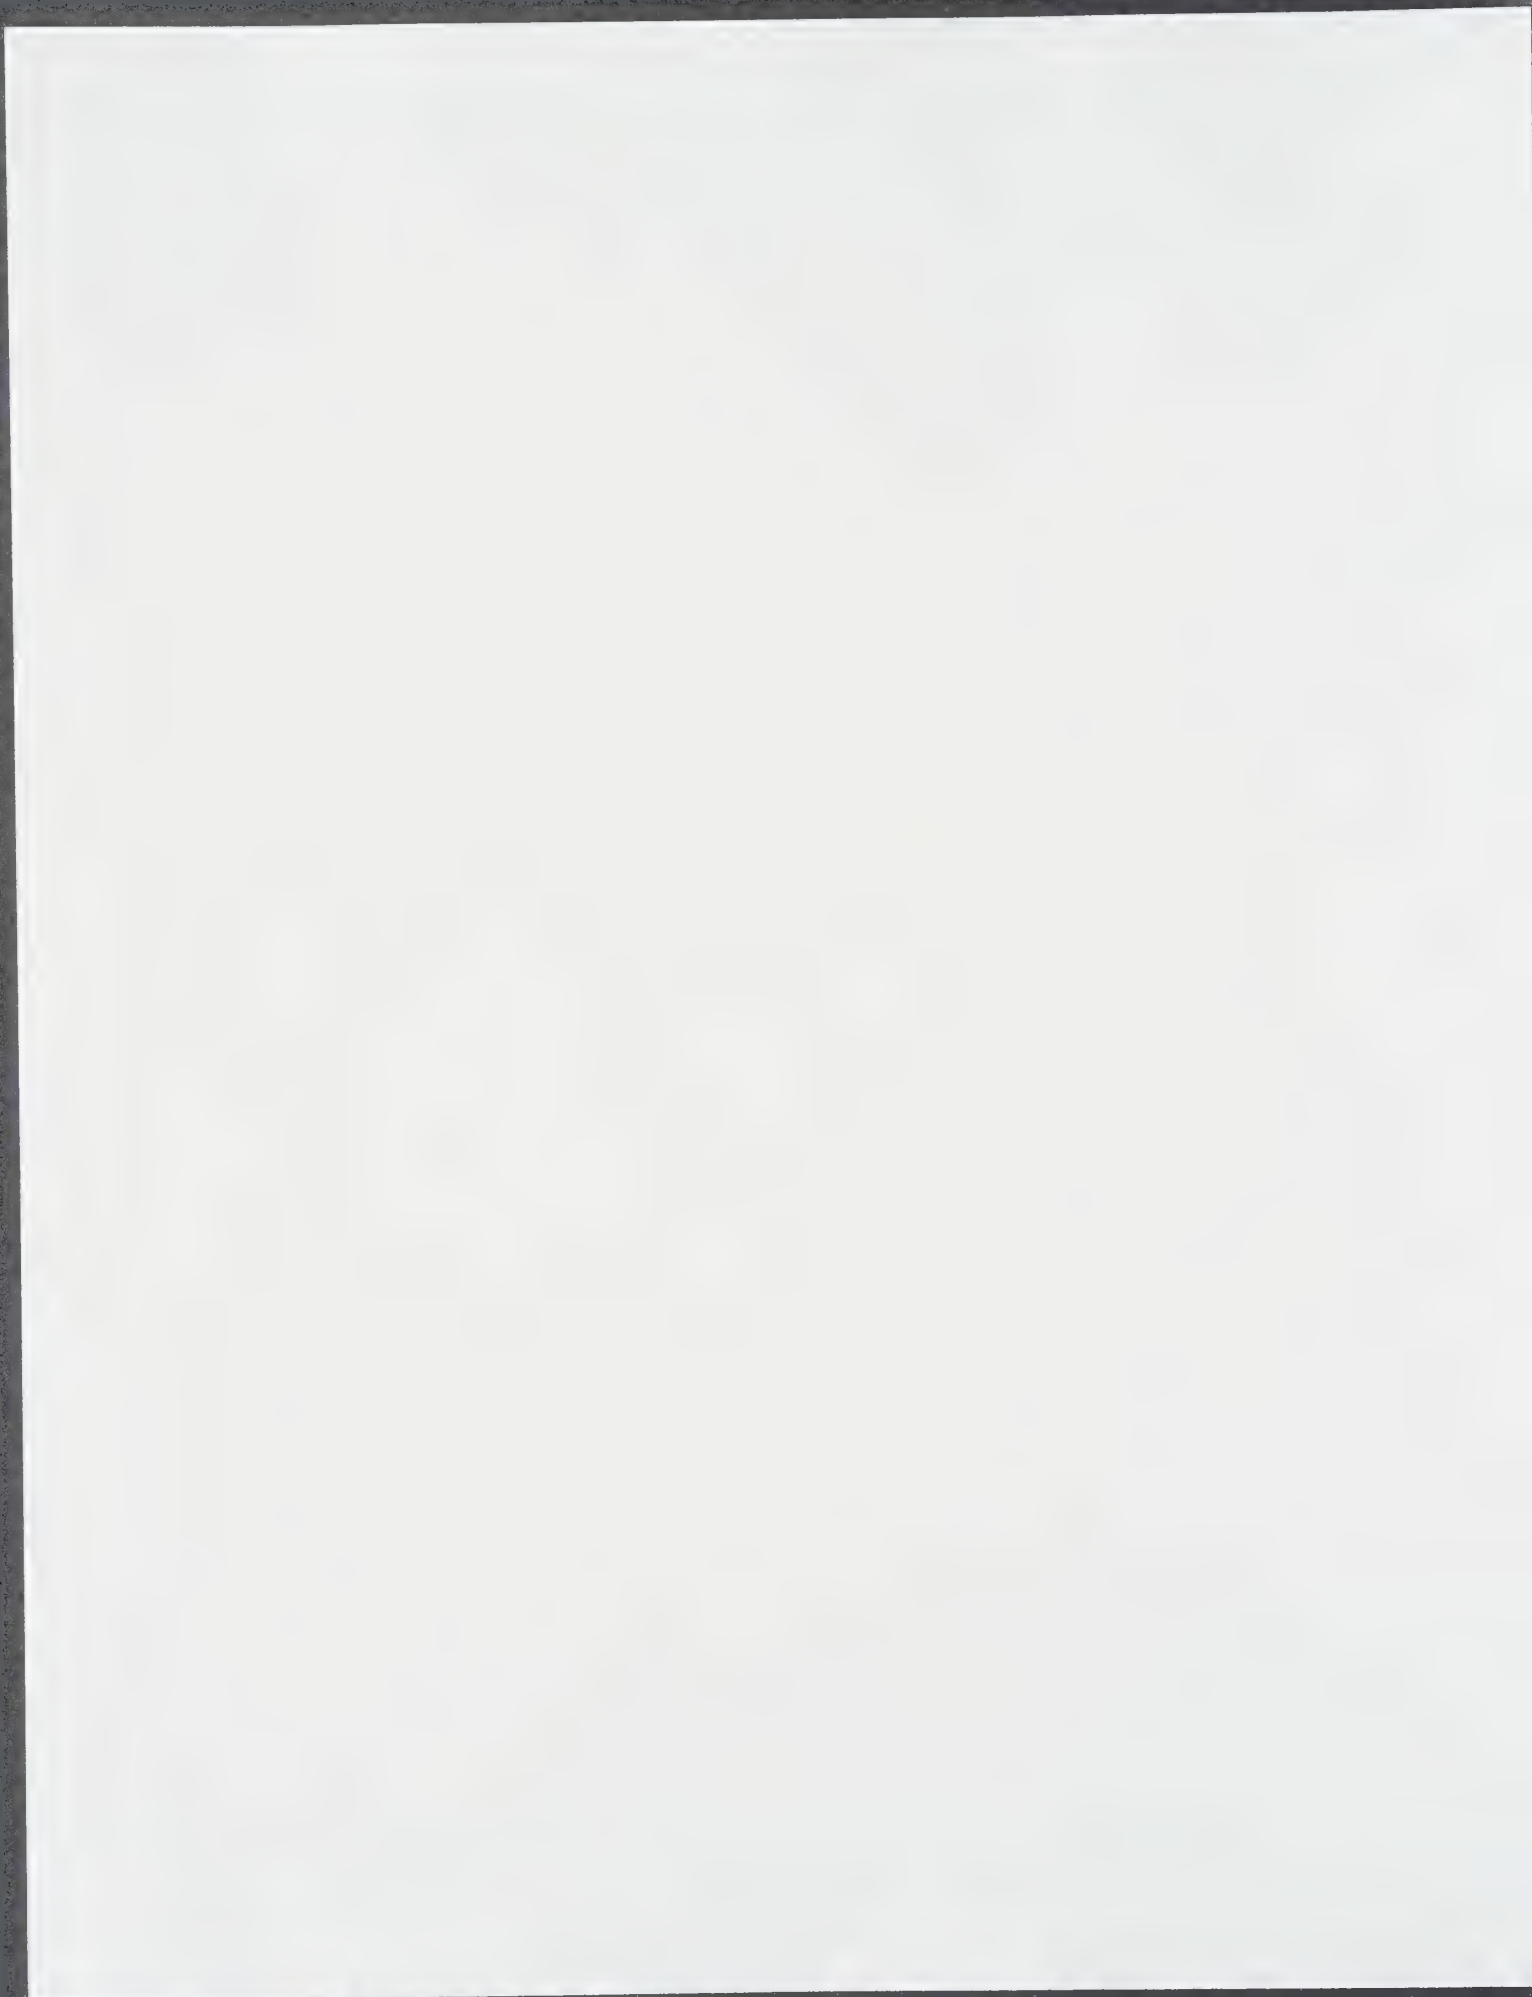

I have just glanced through the Dorotheum October 1 catalogue, the Lievens is #85 and another beautiful painting for you to consider is #90, the Phillips Koninck, Sumowski, Vol. VI, p.2344. It really looks beautiful and it is estimated at only 70,000 Euros. But then the Lievens is estimated at only 20,000 Euros.

There are also some beautiful Van Goyens.

All the best,  
Alfred

315 Chestnut Street  
Philadelphia, PA 19106-2702

Dear Arnold,

In response to your e-mail of September 4<sup>th</sup>, the Fieser notebooks are quite large but I do not want to ship them, worrying that they might get lost. Hence, we will bring them in our luggage to Philadelphia.

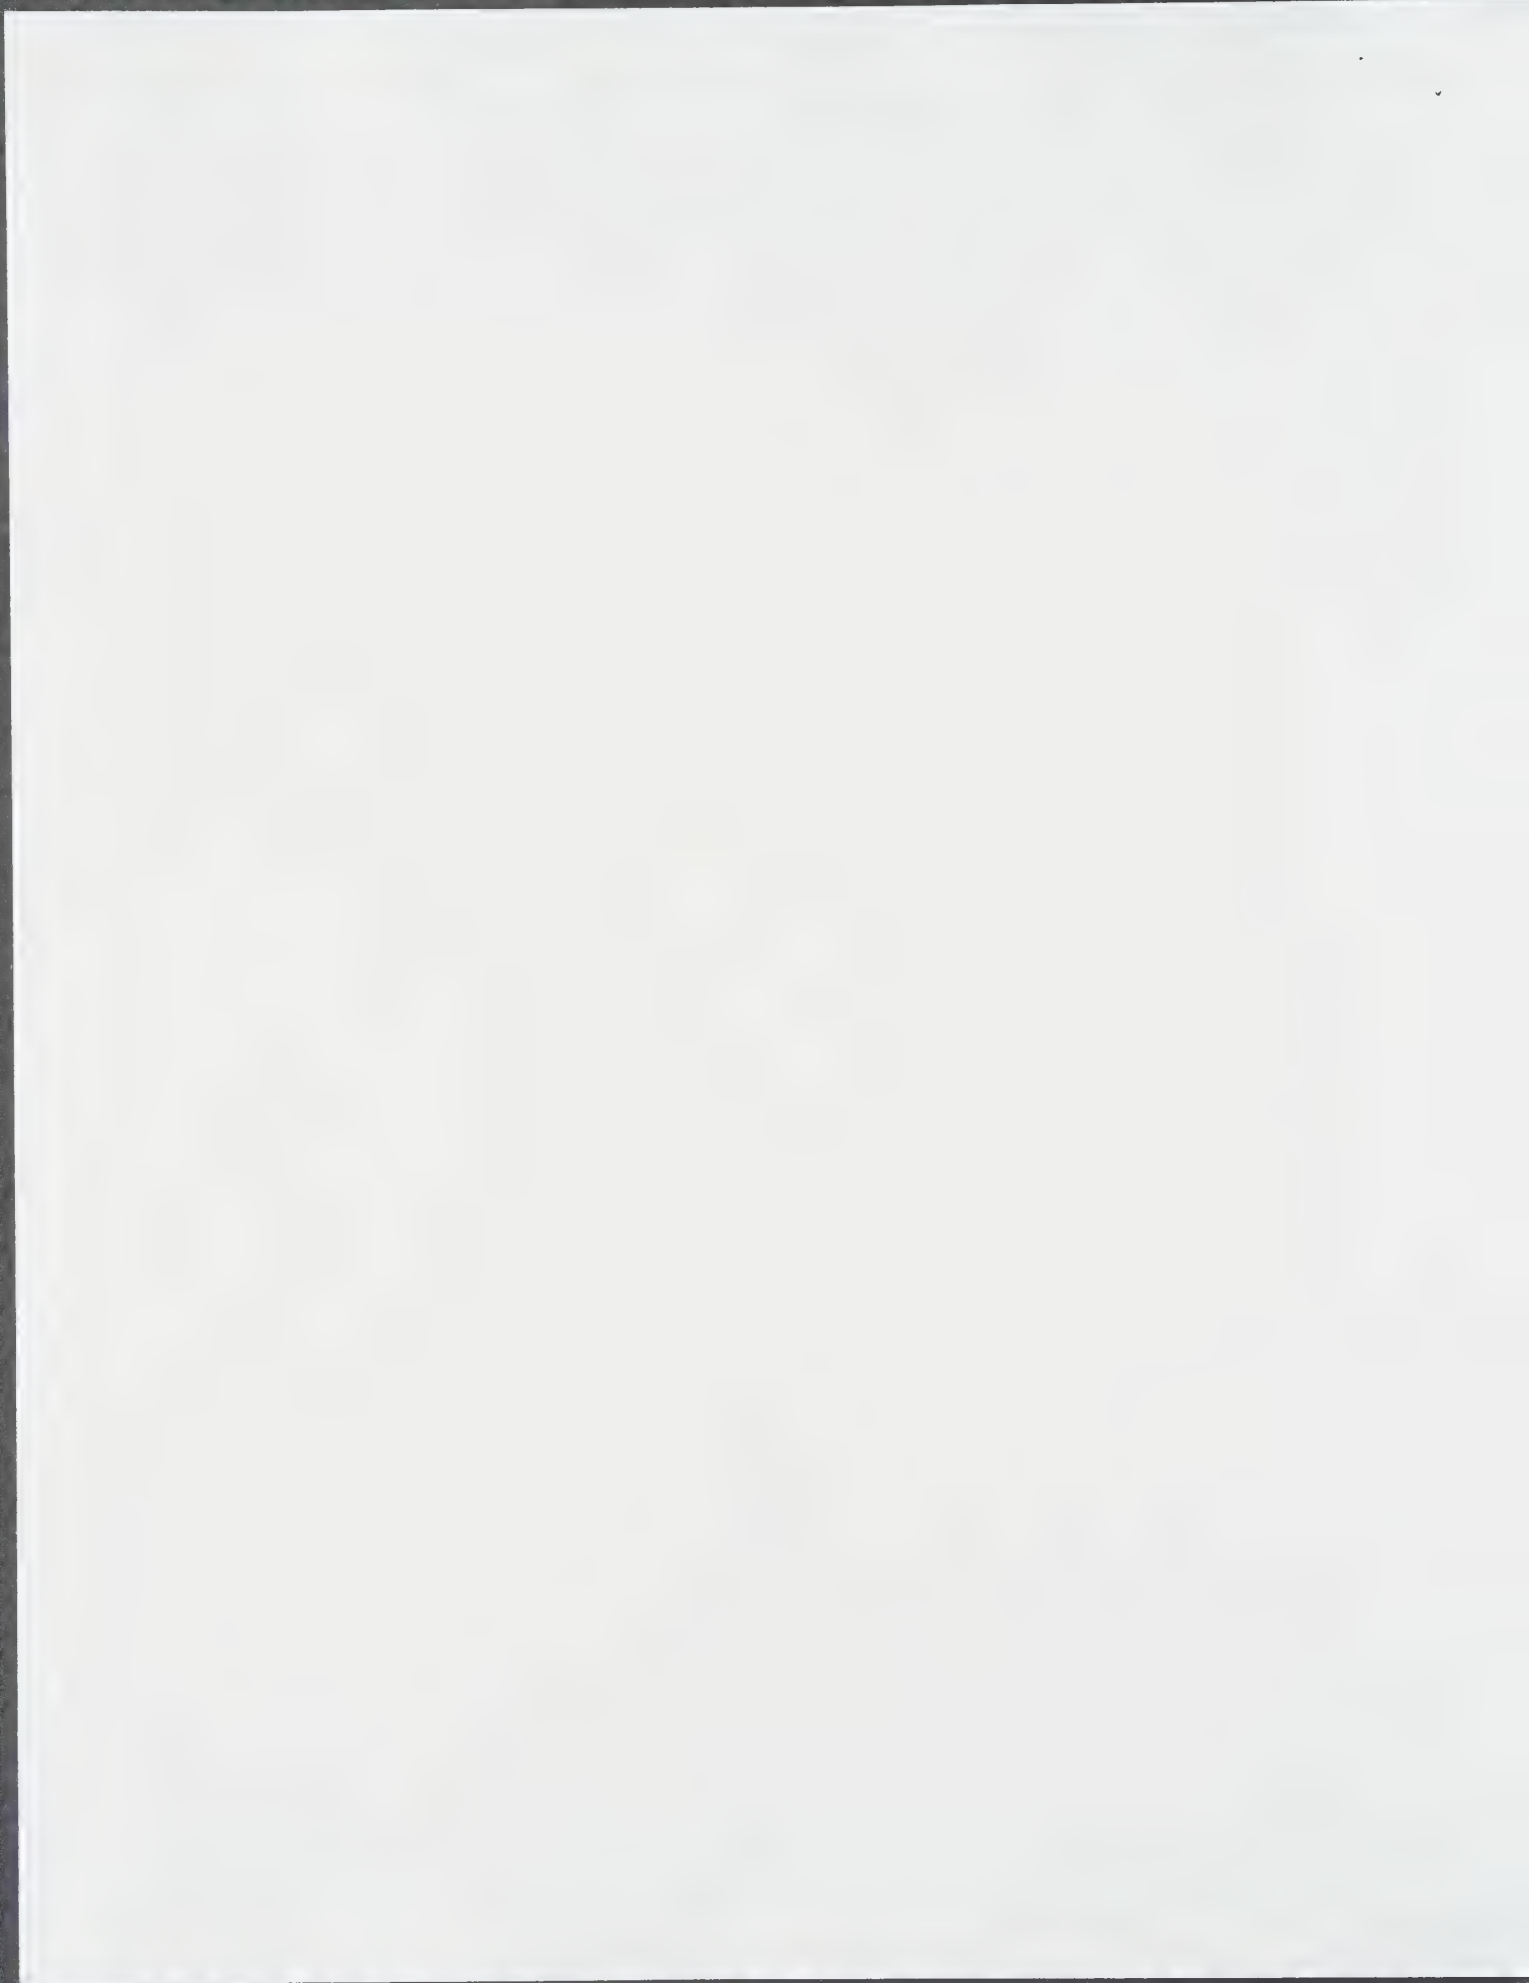

Will you be able to pick us up at the airport? We are arriving on Midwest #156, scheduled to arrive at 7:25 PM on Wednesday evening, September 17<sup>th</sup>.

I am shipping you 40 of my autobiographies by UPS, packed in two boxes, and my invoice is enclosed.

With best personal regards I remain

Yours sincerely,

Alfred Bader

Dear Alfred,

Timely questions, as always. We would be pleased to have "another box of the Bader book" (40?). The Fieser notebooks sound interesting--are they small enough to travel with you?

Sorry I shan't have the pleasure of your company at ACS--all the more reason to look forward to the treat in store on 17-19 September.

Best to you and Isabel.

Arnold

Subject: Books

Dear Arnold,

Years ago Mary Fieser gave me three large notebooks of Louis' experiments, all in steroid chemistry. She told me that she knew that I was interested in history and so should have these books.

But my sons are not particularly interested and I was wondering whether you might be interested at the CHF or whether I should ask Harvard whether they would like them.

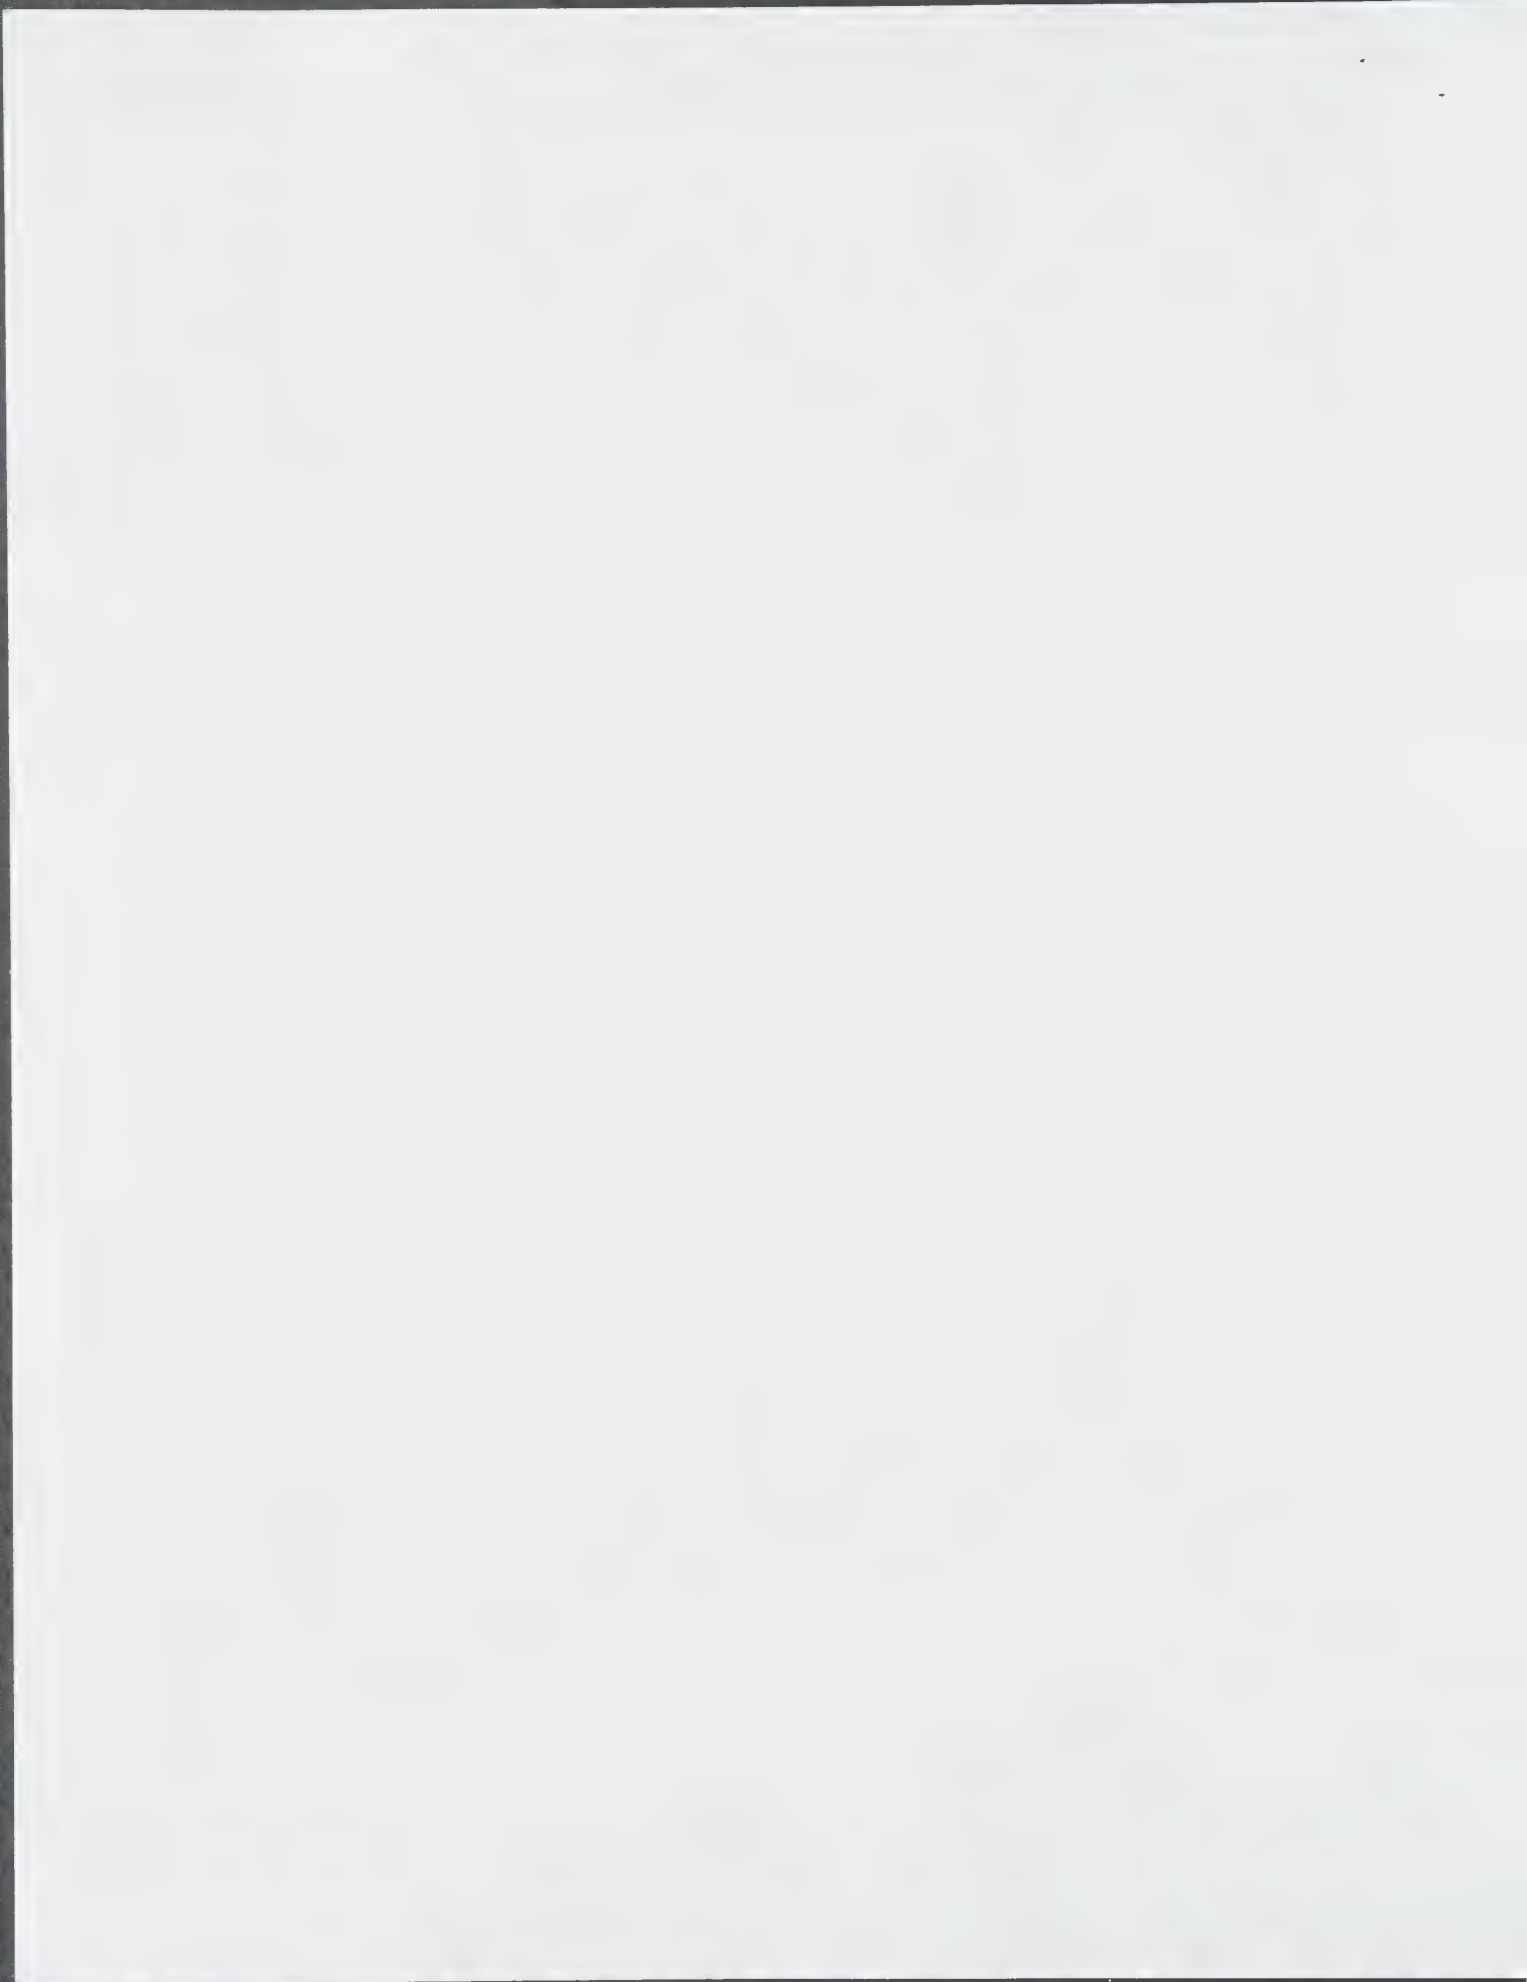

Also, do you have enough of my books for chemists that might be interested next month?

All the best,  
Alfred

Dear Lloyd,

Isabel and I enjoyed your visit and only wish that it could have been longer.

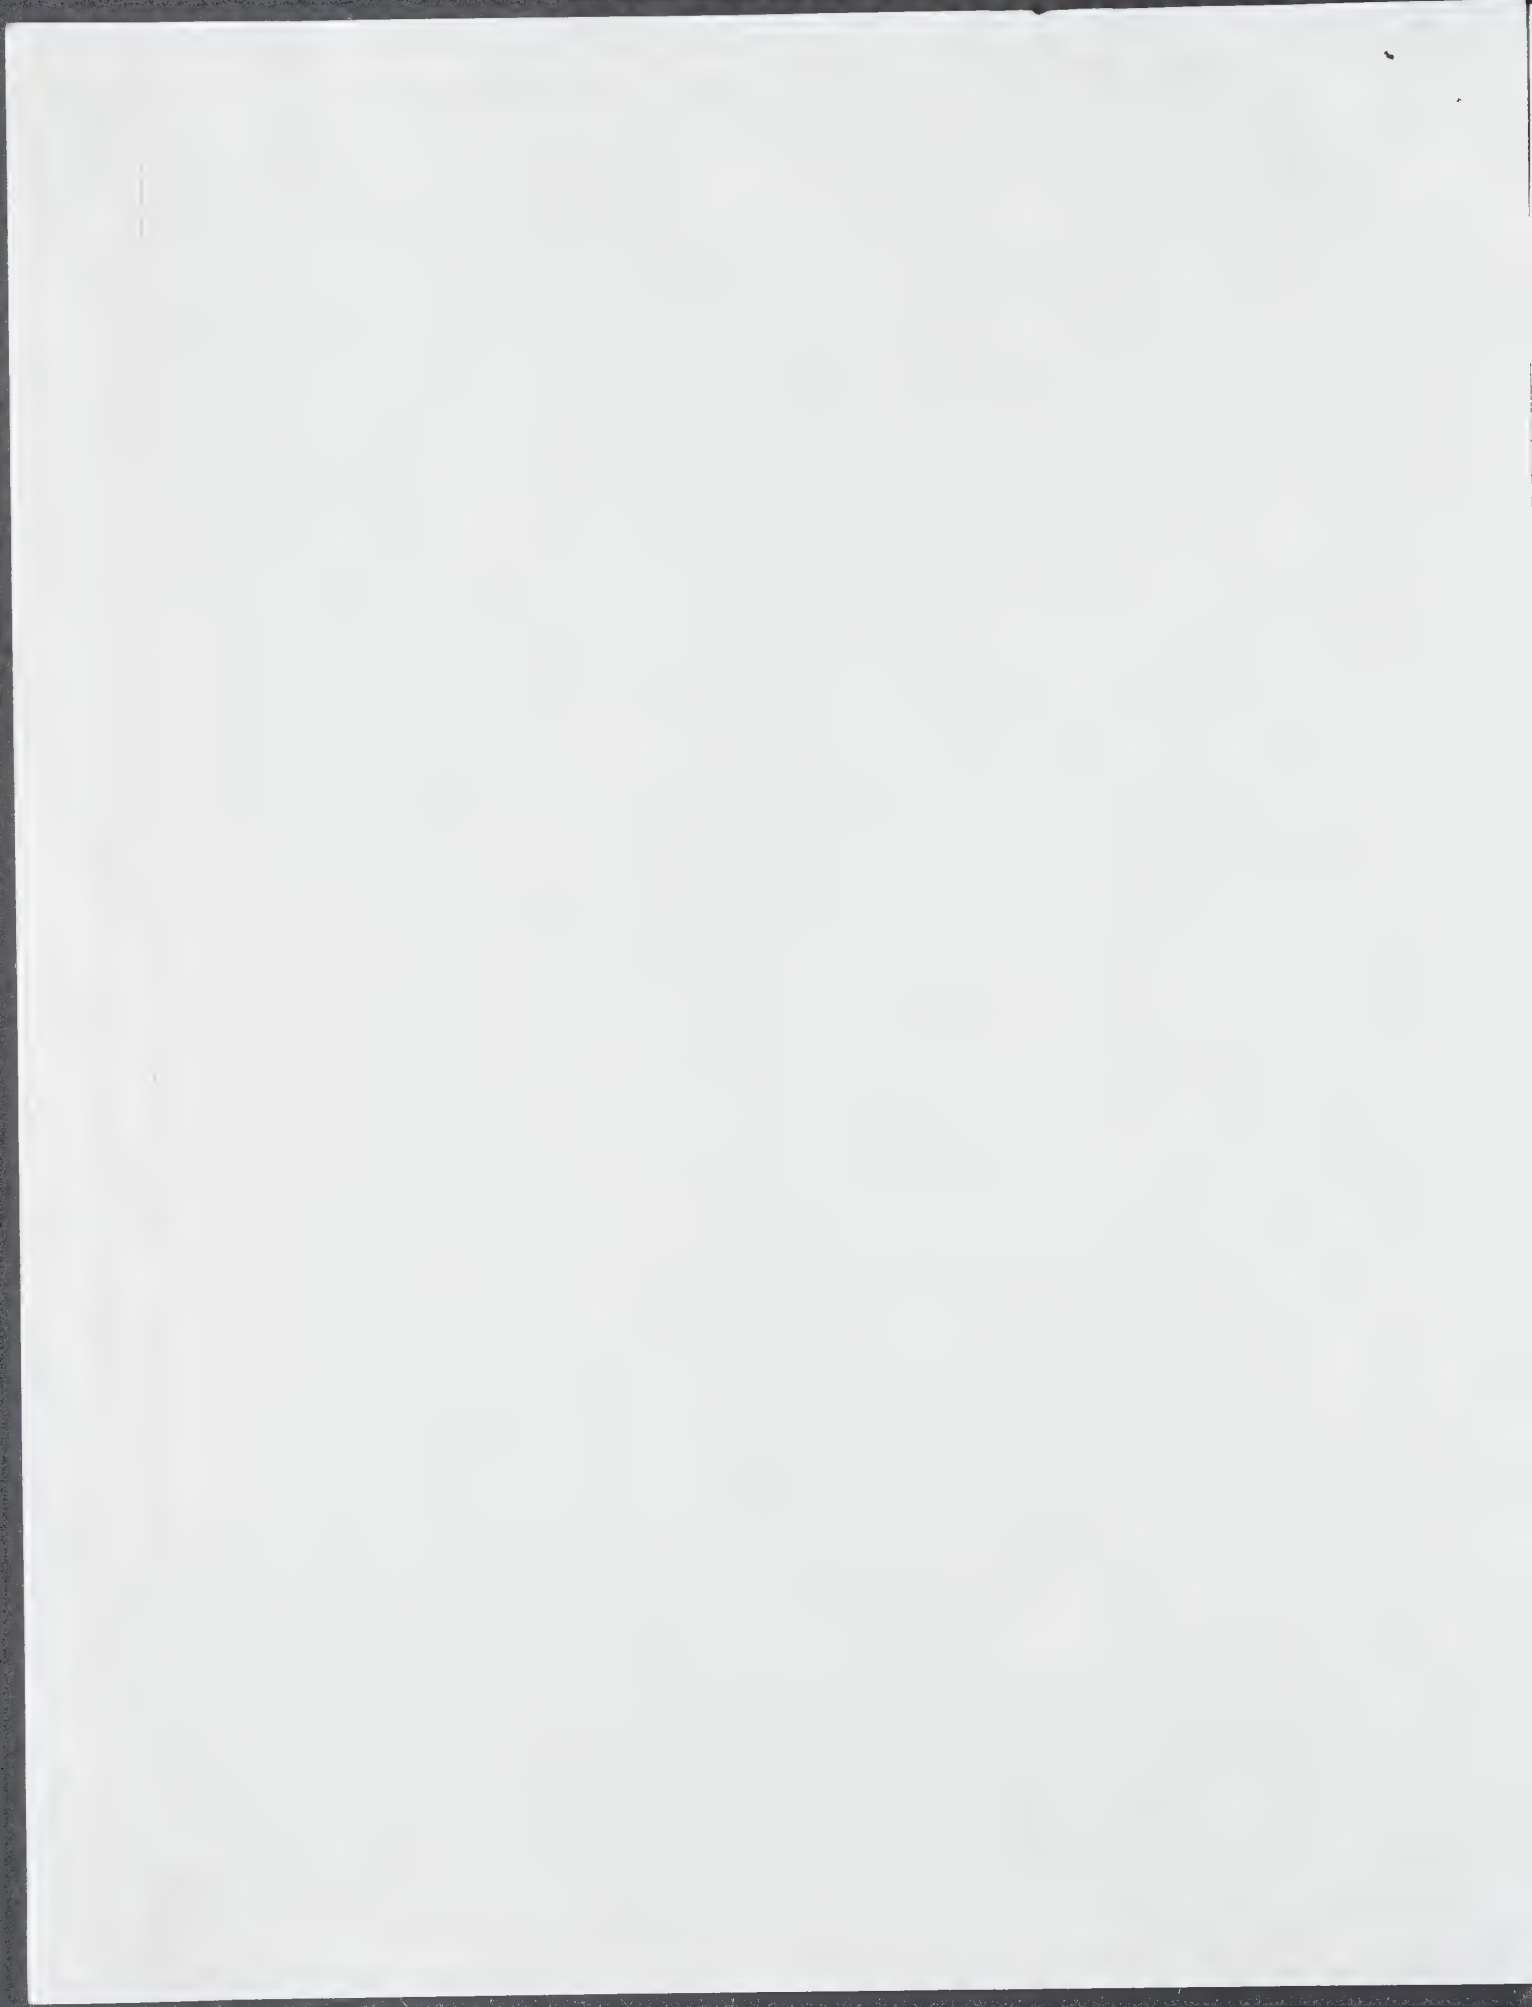

Enclosed are the photographs you requested. Please do return the transparency of the *Winter Landscape*, perhaps best when we meet in Philadelphia next month.

With all good wishes I remain

Yours sincerely,

Alfred Bader

Dear Mr. McDaniel,

I travel a good deal and hence was not able to join you on April 21<sup>st</sup> nor will we be able to be with you on June 12<sup>th</sup> as I have been invited to give a lecture in the Czech Republic. However, we much look forward to being with you for the Ulliot lecture in September.

With best regards I remain

Yours sincerely,

Alfred Bader

Frontispiece of *Curieuse Kunst und Werk Schul*,  
by Johann Kunkel (1705).

This rare book of chemistry and metallurgy contains numerous drawings, including this spectacular frontispiece by I. C. Marchand. Now located in the Rare Book Room of the Donald F. and Mildred

Topp Othmer Library of Chemical History, it is just one of 30,000 volumes donated to the Chemical Heritage Foundation by The Chemists' Club in 1988. Photograph by Gregory Tobias.

The Chemical Heritage Foundation (Philadelphia, Pennsylvania) seeks to promote public understanding by making known the achievements of the chemical and molecular sciences. Visit the CHF Web site at [www.chemheritage.org](http://www.chemheritage.org) or call 215-925-2222.

May 1, 2003

Dear Dr. Bader:

We were sorry that you could not attend the events of CHF's Spring Board Dinner on 21 April. Your presence was greatly missed. We hope you'll be able to join us at the Fall Board Dinner on Monday, 10 November (a little advanced notice to save the date).

Best regards,

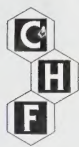

Jeffrey L. McDaniel

Dear Joe:

I write to bring you up to date on Alfred Bader's visit to Philadelphia next September. In addition to the Ulliyot Lecture at CHF on 18 September, Dr. Bader will be attending a luncheon that day with the Bader Fellows and the chemistry faculty at Penn, and will give a talk at 2:00 p.m.

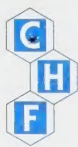

Has Lloyd DeWitt been in touch with Dr. Bader regarding the schedule for his talk at the PMA? Please let me know what you have planned. I'm sure there will be interest at CHF in his talk on the Rembrandt research project.

With best wishes,

John R. Van Ness  
Vice President for Administration

Dear Alfred:

I write to confirm that we have been able to line up an engagement for you to speak at Penn on Loschmidt at 2:00 p.m. on 18 September. Preceding the talk, the Bader Fellows and chemistry faculty will host a luncheon for you. Dr. George Palladino has been so kind as to make these arrangements. Should you need to contact Dr. Palladino, he may be reached at (215) 898-4193, or via e-mail: [georgefp@sas.upenn.edu](mailto:georgefp@sas.upenn.edu).

Cordially,

cc: George Palladino
