FAX #: 613-533-6838

Dear Donna,

Thank you for your Wednesday's fax.

I just had an e-mail from Professor Victor Snieckus urging me to see him and his group on Thursday, September 23<sup>rd</sup>.

We are flying from Milwaukee to Toronto by Midwest Express #583, arriving 10:25 a.m. that Thursday morning. Perhaps it would be best and fastest if we could be picked up at the airport and taken straight to Queen's, to the Donald Gordon Centre.

From there we will then go to Chemistry to spend a little time with Victor.

We gladly accept the Principal's invitation for a light supper at Summerhill on Thursday evening.

On Friday we would visit Art History and Isabel very much wants to chat with some of the people in Drama and Music.

Of course we have many people to see in Toronto also and, as we are not seeing anyone there on Thursday, it would be better for us to

take a train or a bus from Kingston to Toronto late on Sunday afternoon, September 26<sup>th</sup>.

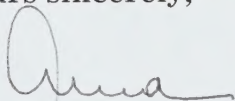

Do keep in mind that this is the Science '44 weekend and I feel very honored that their class has made me an honorary member. I have learned more from the fellows who started the Science '44 coop than from any other students and quite a few of them will be at the reunion. What a pleasure it will be to see them again.

I am really puzzled by the Alfred Bader Scholarship in Art History, Acct. #840-083. There is just no way that this could have been established with funds from the Aldrich Chemical Company in 1983. At that time Aldrich was part of Sigma-Aldrich, a publicly owned company and it would certainly not have contributed any funds to a scholarship at Queen's. Aldrich did fund one scholarship at Queen's, in Chemistry, many years ago at a time when my family and I were the sole owners of the company. We plan to spend a little time with Tom Thayer, if convenient to him, and can then find out a little more about this scholarship.

I hope the Principal is having a good and surely well deserved holiday. I'll have my first holiday since 1962. Then we took a couple of weeks in Jamaica, a terribly boring time, without any chemicals and with no paintings. Today we are leaving for a week in Ireland where my son, Daniel, has rented a house. Of course I hope to see and perhaps even find some old paintings in Dublin. We will be in Bexhill from August 21-31 and will of course be visiting the Castle several times.

With many thanks for all your help and all good wishes I remain

Yours sincerely,

Alfred Bader

Dear Bill,

Thank you so much for your handwritten letter of January 6<sup>th</sup>.

Of course we will much enjoy seeing you and Claire in Milwaukee.

But, as you know, traveling in the winter is complicated by the vagaries of the weather. Some days the Toronto and others the Milwaukee airport will be closed and some days both.

This month we hope to spend the last week with my son and his family in Pennsylvania and then in New York City for the Old Master sales. From February 12<sup>th</sup> to the 14<sup>th</sup> Anndale and David McTavish will be with us, of course one topic of discussion will be how to bring about the gift of the Chair for Modern Art which would then allow Queen's to accept the Chair for Southern Baroque Art.

Our calendar is pretty open from February 15<sup>th</sup> to March 31<sup>st</sup>, which is the beginning of Passover.

With all good wishes from house to house, I remain

Yours sincerely,

Alfred Bader

Dear Alfred & Isabel:

Welcome home and best wishes for the new year. I enjoyed the article enclosed with your recent letter to David (copied to me) greatly! All is well here. The Agnes expansion is proceeding well. The outside walls are now up and the roof on and work has just begun on the interior. Steel m windows --- but soon. It's very exciting to see it coming along so quickly. Claire and I would still like to visit for a day or two in the near future if the invitation holds. Please let us know if this are preferred times.

All the best

Paul

Dear Alfred & Elizabeth,

I'll have some new photographs  
 for the new year. I enjoyed the  
 winter and would you send me  
 to David Cooper to my greeting!  
 I'll be well here. The winter  
 is passing well. The winter will be  
 new up and the roof on and work has  
 just begun on the interior. I'll be  
 home soon. -- Not soon. --  
 according to see it coming along so  
 quickly. I'll be out of work still  
 like to visit for a day or two in the  
 near future if the weather holds. Please  
 let me know if this or perhaps later.  
 My love  
 Fred

Dear Ms. Bechtold,

You were probably also taken aback by Tim Wright's letter, copy enclosed.

Either he exaggerates wildly or the University's transcripts have really changed.

Over half a century ago they were very clear and I am confident that most graduates treasured them as I treasured mine, copy enclosed.

With all good wishes, I remain

Dear Dr. Bader:

We very much appreciated your coming out and attending the various events associated with the Engineering Chemistry centennial celebration during homecoming weekend. Many alumni commented about how much they appreciated the opportunity to meet old friends, and to reminisce about their time at Queen's. We were very pleased with the turnout, and the afternoon workshop session on the future of the Engineering Chemistry program was well attended and we received excellent feedback.

During your visit, you asked about the possibility of obtaining a replacement iron ring. As my ring seemed to fit your finger well, I requested a same-size replacement from the local Kingston Camp #3. I am keeping my fingers crossed that it fits correctly. If not, please return, and I will get you a correct size. A jeweller can also measure your ring size if that is needed.

I trust that you will wear the ring in good health, and that we will have an opportunity to welcome you to the Department of Chemical Engineering some day soon.

With my best wishes,
